

MARYLAND

BUDGET HIGHLIGHTS FISCAL YEAR 2019

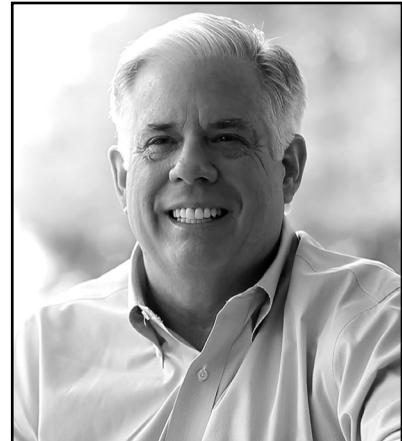

CHANGING
Maryland
for the Better

LAWRENCE J. HOGAN JR., GOVERNOR
BOYD K. RUTHERFORD, LT. GOVERNOR

January 17, 2018

The Honorable Thomas V. “Mike” Miller and the Senate of Maryland
The Honorable Michael E. Busch and the Maryland House of Delegates
The People of Maryland

Dear Mr. President, Mr. Speaker, Members of the Maryland General Assembly, and Fellow Marylanders:

Over the past three years, our administration has continued to deliver on the promise to grow our private sector, put more people to work, and turn our economy around. We have gone from losing 100,000 jobs to gaining over 130,000 jobs and we have delivered more than \$700 million in tax, toll, and fee relief. We have now proposed four consecutive fiscally responsible and structurally balanced budgets, each providing record K-12 education funding and sensibly funding other important priorities. We have done this while keeping spending under control and not raising taxes; in fact, we’ve cut taxes for three years in a row.

While Maryland’s economy and revenues have continued to grow, we cannot - and will not - lose sight of our responsibility to continue to put Maryland’s fiscal house in order. This was illustrated once again at the end of 2017 General Assembly session when a three-quarter billion dollar structural gap was estimated for Fiscal Year 2019. This gap was significantly larger than what was in our submitted budget and was driven by factors including increasing debt service costs, new forced spending increases enacted during the 2016 and 2017 sessions, and the legislature’s failure to once again enact any type of out-year mandate relief. Still, through sound and proactive management, we have eliminated the gap without raising taxes.

This budget maintains cash reserves totaling almost \$1 billion, continues investments in the Maryland pension system, curbs the growth of legislative mandates, conforms with the legislature’s Spending Affordability guidelines, and maintains the state’s AAA bond rating.

The Fiscal Year 2019 budget continues to make important investments in Maryland programs, including the administration’s top priority – education. This year, our education budget goes above and beyond even the required statutory funding formulas, ensuring that every jurisdiction receives more direct education aid than in the previous fiscal year.

This budget includes historic funding of \$6.5 billion for K-12 education, with direct aid to local schools growing by \$139.2 million over Fiscal Year 2018. We are also providing \$365 million for school construction, the largest investment in a decade. This brings our administration’s total new investments in school construction to \$1.4 billion.

Maryland is proud to be home to a world-class academic community. We are providing \$1.38 billion in state funds to the University System of Maryland (USM), a 2.4 percent increase over last year. Also, for the third year in a row, tuition growth at Maryland’s public four-year institutions is held to 2 percent, helping to keep higher education affordable for Maryland taxpayers.

Further, the Cade formula and grant funding for local community colleges grows to a record level of \$261 million in FY 2019, or 2 percent over FY 2018. There is an additional \$2 million available for community colleges that limit tuition increases to no more than 2 percent in the 2018-2019 academic year.

As in previous years, the budget continues to ensure that Maryland's most vulnerable citizens have access to critical health care services and other important programs. The budget includes more than \$11.5 billion for Maryland's Medicaid program, which currently provides health coverage to nearly 1.4 million Marylanders. We have also increased the funding for the Autism Waiver, enabling an additional 100 children to receive services in their community rather than in more restrictive and expensive institutional settings. The number of children served by this program has grown by 20 percent over the previous administration. This budget also invests \$11.5 million in additional funding for the Child Care Subsidy Program, ending the waitlist and increasing subsidy rates paid to providers by 8 percent.

To continue aggressively addressing the heroin and opioid epidemic, an additional \$13.7 million is provided in combination with nearly \$160 million for substance abuse programs. Our budget also fully funds important environmental programs including Program Open Space, the Chesapeake and Atlantic Coastal Bays 2010 Trust Fund, and the Maryland Park Service. In addition, we continue to invest in initiatives to create jobs and spur our economy, such as the \$33 million multi-year collaborative effort with the University System of Maryland to produce more graduates in key workforce areas such as science, engineering, and cybersecurity.

For the fourth year in a row, we are holding the capital debt limit line at \$995 million a year. Due to years of over-borrowing by previous administrations, debt service continues to be the fastest growing cost, on a percentage basis, in the General Fund budget. Over the next 15 years, the state will save \$740 million by limiting debt issuances for the next five years to our proposed level when compared to the recommendations of the General Assembly's Spending Affordability Committee.

Maryland's economy is growing and unemployment, which was the second highest among all states in our region under the previous administration, is now 3.9 percent, the second lowest and below the national rate. While we have made incredible progress, we still have so much more to do. Again this year, I am asking for your help to cut back on forced spending increases and we will once again submit legislation to help ensure that the state is not continually forced to spend more than it takes in.

While we may not agree on all the details, I know that we all agree that we want Maryland to be an even better place to live, work, raise a family, and retire. We look forward to working with you this session to continue Changing Maryland for the Better.

Sincerely,

A handwritten signature in black ink, appearing to read "Larry Hogan".

Larry Hogan
Governor

Budget in Brief

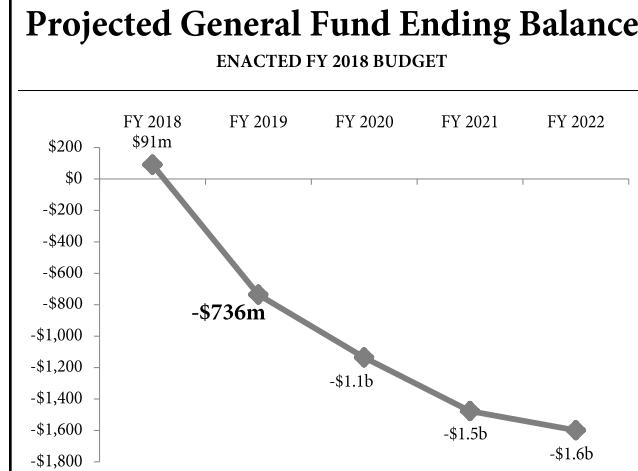

Consistent with every budget introduced during his term, Governor Hogan's FY 2019 budget is fiscally responsible and structurally balanced. The FY 2019 budget continues the governor's legacy of making the right and necessary decisions in order to change Maryland for the better. The governor's budget does the following:

- Maintains cash reserves totaling almost \$1 billion;
- Limits future increases in debt service costs through prudent debt issuances;
- Fully funds Program Open Space for the first time since FY 2008;
- Continues investments in the Maryland pension system;
- Curbs the growth of legislative mandates that contribute to unsustainable budget growth;
- Conforms with the legislature's Spending Affordability guidelines; and
- Maintains the state's AAA bond rating.

creasing debt service costs, new mandated spending enacted at the 2016 and 2017 sessions, and the failure of the legislature to once again enact any type of out-year mandate relief.

The Administration Response

Given that the FY 2018 budget enacted by the General Assembly left a cash surplus of only \$91 million, Governor Hogan set out a fiscally prudent course of action to once again shore up the state's finances. He directed state agencies to find spending efficiencies at the end of FY 2017 and prepare budget reduction options for FY 2018 to ensure that the budget would stay in balance. State agencies were successful in turning back \$246 million to the General Fund at the end of FY 2017, \$90 million more than estimated. The state was able to close FY 2017 with a balance of \$258 million -- nearly three times greater than expected -- a direct result of agency actions, along with slightly higher than estimated revenues.

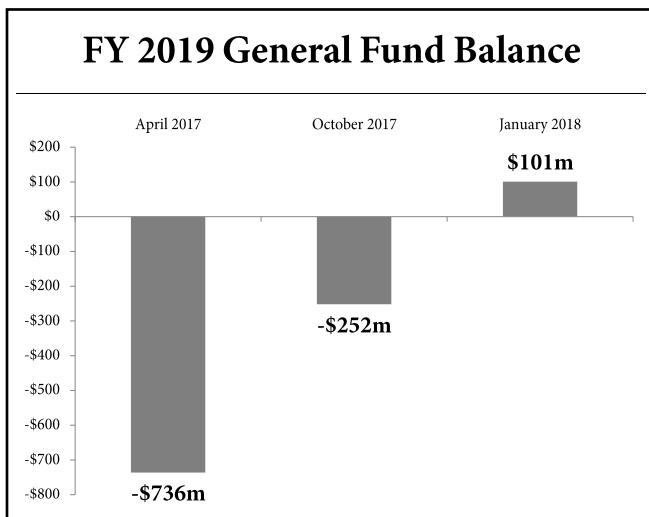

Framing the FY 2019 Budget Challenge

Immediately upon the completion of the 2017 General Assembly session, a sizable budget gap of almost three-quarters of a billion dollars was forecasted for FY 2019. This gap, which was significantly smaller in the budget submitted by Governor Hogan, was being driven by a number of factors including strong growth in Medicaid spending, in-

Despite higher than expected revenues at the end of FY 2017, revenue collections grew at a slower pace than expected at the beginning of FY 2018; therefore, the administration moved forward with implementing a plan to make mid-year budget reductions. On September 6, 2017, the administration set forth an \$80 million plan to help offset potential revenue reductions, which was approved by the Board of Public Works. Later in the month, the Board of Revenue Estimates revised General Fund revenues downward by \$53 million. In December 2017, the Board revised revenues downward by another \$73 million for FY 2018.

Budget in Brief

By reducing spending in FY 2017 and proactively reducing spending early in FY 2018, Governor Hogan positioned the state to absorb the revenue revisions in September and December. The administration then began finalizing work on the FY 2019 budget in a much better position than had these actions not been taken, and the magnitude of reductions needed to balance the FY 2019 budget was lessened. Governor Hogan was able to resolve the remaining FY 2019 budget shortfall by:

- Enacting thoughtful cost-containment actions across state agencies;
- Limiting the growth of legislative mandates in FY 2019;
- Realizing favorable trends in Medicaid and state employee health insurance spending;
- Limiting FY 2018 deficiency spending;
- Using bond premium to offset debt service costs; and
- Strategically level funding certain state agency budgets and programs.

Budget Accomplishments

- While being fiscally responsible, the FY 2019 budget continues to make important investments in Maryland programs. This includes historic funding of \$6.5 billion for K-12 education. Governor Hogan's education budget goes

above and beyond required statutory funding formulas to ensure that every Maryland jurisdiction receives more direct education aid than the prior fiscal year. Overall, aid to local governments totals \$7.7 billion in FY 2019, an increase of \$181 million, or 2.4 percent.

- The budget also continues to ensure that Maryland's most vulnerable populations have access to critical health care services and other important programs to address their needs. Funding is continued in FY 2019 to address the opioid epidemic, limit tuition growth to 2 percent at Maryland universities and community colleges, and fully fund important environmental programs like Program Open Space, the Chesapeake and Atlantic Coastal Bays 2010 Trust Fund, and the Maryland Park Service.
- The governor recognizes that investments need to be made to create more jobs and maintain the state's strong economic growth; therefore, the administration will be proposing legislation to expand 2017's More Jobs for Marylanders Act and provide additional relief to the engines of job growth – Maryland small businesses. Governor Hogan's FY 2019 budget also includes funding for a \$33 million multi-year collaborative effort with the University System of Maryland to produce more graduates in key workforce areas such as science, engineering, and cybersecurity.

Term in Review

Fiscal Prudence and Responsibility

Governor Hogan has and will remain committed to bringing fiscal discipline back to Maryland. He has said and strongly believes that state government, just like every Maryland family, must budget responsibly and live within its means. One of the governor's core tenets is that the state's ongoing spending should not exceed ongoing revenues. To that end, FY 2019 will mark the fourth consecutive budget that achieves this goal – consistent with the recommendations of the General Assembly's Spending Affordability Committee.

In an effort to ensure Maryland's budget is structurally balanced over the long term, Governor Hogan has introduced legislation every year to limit forced increases in spending mandated by the legislature. By limiting growth in forced spending to 1 percent less than revenues, the governor has put forward a reasonable way to moderate spending growth. Unfortunately, the General Assembly has not seen fit to enact this legislation, and, in fact, has continually passed legislation further increasing mandated spending.

A fiscally prudent budget is also measured by how much is set aside in reserve. Since Governor Hogan has taken office, he has continued to maintain a Rainy Day Fund balance of at least five percent of General Fund revenues. The balance in the Fund at the end of FY 2019 is estimated to be \$882 million. Additionally, in 2017, Governor Hogan signed legislation that would bolster future funding for the Rainy Day Fund, while at the same time removing some of the volatility in the state's revenue structure.

Other highlights showing the fiscal responsibility of the Hogan-Rutherford administration include:

- Making additional pension contributions above the actuarially required level in each of the governor's budgets. As a result of this emphasis,

the funded ratio of the pension system has increased from 68.1 percent before the governor took office to 71.8 percent;

- Addressing potential mid-year budget shortfalls in both fiscal years 2017 and 2018 through unanimous votes for the adoption of budgetary reductions at the Board of Public Works;
- Resolving outstanding deficits and eliminating certain unfunded liabilities;
- Exercising prudent management over agency spending throughout the course of the fiscal year and turning back significant funding at the end of every year, including more than \$100 million in each of the last two years; and
- Maintaining the state's AAA bond rating.

Fiscal prudence not only applies to the operating budget; it also applies to the state's capital budget. The act of raising more debt has serious ramifications and should always be done in the most fiscally responsibly way possible. Debt service continues to be the fastest growing cost, on a percentage basis, in the General Fund budget. Spending on debt service will soon eclipse the state's annual investment in school construction. For the fourth year in a row, the governor's FY 2019 capital budget once again holds the line – limiting debt issuances to \$995 million a year for the next five years. The state will save \$740 million over the next 15 years by limiting debt issuances to this level when compared to the recommendations of the General Assembly's Spending Affordability Committee.

From his very first year in office, the governor has sought to assure Marylanders that their tax dollars are efficiently and effectively managed.

Term in Review

Relief for Maryland Taxpayers

Governor Hogan also understands the importance of cutting taxes for Marylanders, who had felt the effects of more than 40 increases over the previous eight years. Since taking office, the administration has delivered more than \$700 million in tax, toll, and fee relief. This includes reducing or eliminating more than 250 fees across state government and reducing tolls at Maryland Transportation Authority facilities across the state. Furthermore, for three straight years under Governor Hogan, no tax increases have been enacted.

Most importantly, Governor Hogan will introduce legislation during the 2018 session that will protect Maryland taxpayers from increases in state personal income taxes as a result of federal tax reform.

Maryland Open for Business

Since the start of his administration, Governor Hogan has been committed to making Maryland more business friendly. In addition to delivering tax and fee relief, the governor's Customer Service Initiative has also been a top priority. The three core deliverables of the customer service initiative are:

- A renewed focus on a strong service culture;
- Improved customer service training; and,
- The establishment and tracking of new service performance metrics.

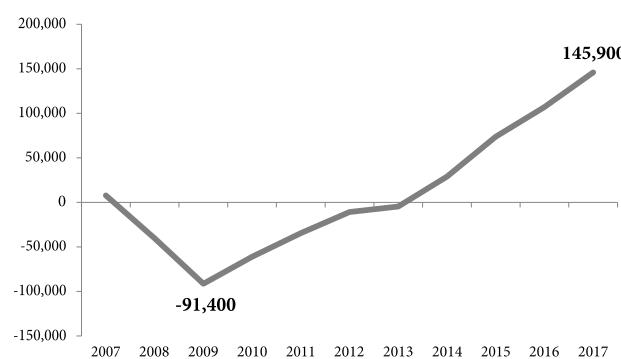

A key provision of the initiative is a requirement that state agencies develop and maintain a plan to continuously improve service delivery. The agencies have been aggressive in implementing these customer service reforms.

It is clear that the economy and businesses are responding favorably to the Hogan administration as more than 130,000 jobs have been added since Governor Hogan took office. Through November 2017, Maryland's job growth of 2.2 percent outpaced the national rate of 1.4 percent, and ranked the state sixth for job growth. Only one state east of the Mississippi River – Florida – has had faster growth in the last year. In just three years, Maryland has added nearly four times more jobs than were added in eight years under the previous administration. No governor has presided over stronger total and private sector job growth in his first three years in office.

Maryland Net Job Growth

2006 BASE YEAR

Governor Hogan and this administration are proud of the work done over the course of this term, as well as in the FY 2019 budget. This book highlights many key budget priorities and programs that are continuing to change Maryland for the better.

Economic Development and Jobs

Business Investment

- The governor's budget provides \$25 million in FY 2019 and an additional \$2.5 million in FY 2018 for the Maryland Economic Development Assistance Authority and Fund (MEDAAF), a substantial investment in the state's most powerful tool to attract and grow businesses.
- Governor Hogan's FY 2019 budget includes \$10 million for two new tax credits established under 2017's More Jobs for Marylanders Act. The new credits will create thousands of jobs and attract businesses by reducing state taxes for manufacturing employers that create jobs in qualifying high-unemployment zones. Legislation proposed by the administration will provide for \$6 million in additional tax credits.
- The FY 2019 budget distributes a total of \$10 million from the "Sunny Day" Fund as part of the administration's efforts to create and retain jobs in the state. This includes the final \$5 million payment to Northrop Grumman Corporation, fulfilling the administration's commitment, and the first \$5 million payment to Marriott International, Inc., part of a multiyear, \$20 million commitment to ensure that Marriott's headquarters remains in Maryland.

- Demonstrating Governor Hogan's commitment to attracting Amazon's new corporate headquarters to Maryland, \$10 million is allocated to the "Sunny Day" Account and designated for this purpose.
- Governor Hogan's budget provides record funding of \$25.5 million, a 4 percent increase over FY 2018, for the Enterprise Zone Tax Credit program, which encourages business growth within economically distressed areas across Maryland.
- To facilitate the development of Maryland's small businesses, the FY 2019 budget includes \$4.9 million for business assistance through the Maryland Small Business Development Financing Authority.

Supporting Emerging Technologies

- Governor Hogan's budget includes \$12 million for the Biotechnology Investment Incentive Tax Credit and \$2 million for the Cybersecurity Investment Incentive Tax Credit to capitalize on Maryland's strategic advantages in these business sectors. The administration is also proposing legislation to restructure the Cyber Tax Credit to increase private investment in Maryland cybersecurity businesses.
- The governor continues his commitment to emerging technology businesses by maintaining funding for technology commercialization programs, including \$4.8 million for the Maryland Innovation Initiative, \$4.6 million for the Maryland Technology Incubator Program and the Technology Commercialization Fund, and \$900,000 for the Cybersecurity Investment Fund.
- The FY 2019 budget maintains funding for the Center for Maryland Advanced Ventures (\$4 million) and the Center for Economic and Entrepreneurship Development (\$2 million) on University of Maryland campuses.

Economic Development and Jobs

Workforce Development

- The FY 2019 allowance includes more than \$26 million in state funding for a variety of workforce development and adult learning activities, including job search assistance, occupational skills support, and on-the-job and entrepreneurial training.
- The budget maintains \$8 million for the Employment Advancement Right Now (EARN) program, which for the third year in a row has received national recognition due to its innovative, industry-led workforce development model. This budget also includes \$1 million for the Partnership for Workforce Quality.
- As part of the governor's comprehensive computer science education and workforce development plan, the budget includes \$5 million for the University System of Maryland to promote teacher training and professional development in computer science.
- The budget includes \$1 million in funding for new Workforce Development Sequence Scholarships to help Marylanders strengthen their work skills.

- The FY 2019 allowance includes \$1.1 million in increased federal support for apprenticeship and training programs in Maryland, a direct result of aligning the program with other workforce development programs to reach more Marylanders.
- The governor's budget allocates more than \$500,000 to establish a platform to match interns with technology-based companies and to leverage private funds to support internship stipends.

Higher Education

- The governor's budget provides \$1.38 billion in state funds to the University System of Maryland (USM), a 2.4 percent increase over FY 2018. This includes \$21.5 million for operating new USM facilities, \$1.4 million to match federal funding for research and cooperative extension programs at the University of Maryland Eastern Shore, and \$300,000 to bolster Frostburg State University's economic development office.
- As part of a multi-year collaborative effort with the state, the USM's FY 2019 budget includes \$10 million dedicated to developing academic programs that will enhance the skills of the state's workforce in science, engineering, cybersecurity, and other key areas.

Economic Development and Jobs

- The Cade formula and grant funding for the local community colleges grows to a record level of \$261 million in FY 2019, or 2 percent over FY 2018. Additional funding includes \$2 million for colleges that limit tuition increases to no more than 2 percent in the 2018-2019 academic year and \$1.9 million for small community colleges.
- The Sellinger program for Maryland's independent colleges and universities is funded at \$49.8 million.
- The governor's budget provides \$96.7 million in state funds to Morgan State University, a \$2.3 million, or 2.4 percent, increase over the current year. \$2 million of these additional funds will support the university's Cyber Security Center of Excellence.
- State support for St. Mary's College of Maryland grows by 4.2 percent to \$26 million in FY 2019, consistent with legislation passed during the 2017 Session.
- Baltimore City Community College receives \$39.8 million in state support in FY 2019.
- In addition, the FY 2019 budget accounts for \$5 million in student loan debt tax credits and allocates \$2 million for the Maryland 529 match program to encourage saving for college.
- Funding for student financial aid totals \$112 million, a \$3.4 million or 3.1 percent increase over FY 2018. This includes an additional \$1.7 million for Educational Excellence Awards to offset tuition growth and \$630,000 for the Edward T. and Mary A. Conroy Memorial Scholarship Program.

Tourism and Arts Promotion

- The governor's budget includes an additional \$1 million for the Tourism Board, bringing the total allocated for tourism promotion and development to \$13.1 million.
- The Maryland State Arts Council is funded at an all-time high of \$21.7 million in FY 2019.
- The governor's FY 2019 budget also contains \$5 million for the Film Production Activity Tax Credit to attract film and video production to Maryland.

Transportation Infrastructure

- The FY 2019 budget includes \$2.9 billion in capital transportation spending to improve the state's infrastructure and promote economic development.
- In addition to \$178.1 million in Highway User funds, the FY 2019 budget includes \$53.7 million in capital grants to local jurisdictions to improve local roads and transportation facilities.
- New PILOT payments totaling \$1.1 million are provided for the Point Breeze Business Center in Baltimore City.
- The budget includes \$1.2 million to establish the Washington Metrorail Safety Commission (MSC) to act as the state safety oversight authority for WMATA.

College Affordability

- For the third year in a row, tuition growth at Maryland's public four-year institutions is held to 2 percent, helping to keep higher education affordable for Maryland taxpayers.

Quality of Life

K-12 Education

- For the fourth consecutive year, the Hogan administration is providing record funding for K-12 education. The FY 2019 budget includes a \$6.5 billion state investment in Maryland's public schools, fully funding state aid programs. Direct aid to local schools grows by \$139.2 million, or 2.5 percent.
- Governor Hogan's education budget goes above and beyond required statutory funding formulas to ensure that every Maryland jurisdiction receives more direct education aid than in FY 2018. In fact, five jurisdictions will receive \$15.2 million in FY 2019 to ensure that their direct K-12 education formula aid grows by at least \$100,000 over FY 2018. These include Baltimore City (\$11.1 million), Cecil County (\$3.4 million), Calvert County (\$540,610), Carroll County (\$99,799), and Garrett County (\$47,626).
- The budget includes \$855,000 to continue operations at eight P-TECH 9-14 schools in Maryland, all created as a result of a Hogan administration initiative. Graduates from Maryland's P-TECH schools will earn their high school diploma and a two-year postsecondary degree in a STEM field from an accredited community college.

Other Education Programs

- \$8.5 million in state funding is included in the FY 2019 budget to expand access to prekindergarten throughout the state, bringing total pre-kindergarten enhancement funding provided under the Hogan administration to \$23 million.
- The FY 2019 budget invests \$11.5 million in additional funding for the Child Care Subsidy Program to end the wait list and to increase subsidy rates paid to providers by 8 percent. Funding totals \$90.7 million in FY 2019.
- The Division of Rehabilitation Services (DORS), which promotes the employment and independence of individuals with disabilities, receives \$123.3 million in FY 2019, an increase of \$1.6 million. In the past year, the DORS wait list has fallen by 33 percent.
- Funding for Autism Waiver services grows by \$2.7 million to \$24.4 million, enabling an additional 100 children to receive services in their community rather than in more restrictive and expensive institutional settings. Under the Hogan administration, the number of children served by the program has grown by 20 percent.
- The Broadening Options and Opportunities for Students Today (BOOST) Program grows to \$9 million, continuing the governor's commitment to double funding for the program over three years. BOOST provides scholarships for low-income students in areas with under-performing schools to attend non-public schools, giving them the opportunity for a better education.
- The budget includes \$3 million in grant funding for local boards of education to implement policies and practices that address heroin and opioid addiction and prevention as part of the Hogan administration's comprehensive approach to the opioid crisis.

Quality of Life

School Construction

- At the governor's specific direction, the administration is making the largest investment in school construction in the past decade. School construction projects total \$365 million, accounting for more than one-third of FY 2019 general obligation bond funding: \$314 million for the traditional public school construction program, \$40 million for supplemental funding for districts with high enrollment growth or relocatable classrooms, \$7.6 million for the Aging Schools Program, and \$3.5 million for improvements to non-public school facilities. \$1.4 billion in school construction funding has been authorized during the Hogan administration.
- The budget also includes \$20 million to meet the state's annual commitment to the multiyear Baltimore City School revitalization and reconstruction program.

Health Care

- The FY 2019 budget includes more than \$11.5 billion for Maryland's Medicaid program, which currently provides basic health coverage to nearly 1.4 million Marylanders, including more than 147,000 children through the Maryland Children's Health Program.
- Nearly \$52 million is provided in FY 2019 to fund a 2 percent rate increase for behavioral health service providers and a 1 percent rate increase for most other health care and group home providers. Included in this total is \$11 million for the Developmental Disabilities Administration to benefit direct care workers serving some of Maryland's most vulnerable people.
- An additional \$17.6 million is included to bring certain physician rates under Medicaid up to 93 percent of Medicare rates.

- The governor's budget provides \$20 million in total funds to expand Medicaid coverage to include costs of cochlear implants and hearing aids for adults.
- The FY 2019 budget includes \$14.8 million to continue two waiver programs aimed at reducing the waiting list for DDA services.
- To expand the state's ability to investigate allegations of neglect and harm at nursing homes and other health care facilities, the FY 2019 budget includes nine new positions in the Office of Health Care Quality and enhancement funding totaling nearly \$1 million in state funds.
- The governor's budget provides \$5.1 million over two years for critical maintenance and facilities upgrades at state health facilities.
- Continued operating and capital support is provided for the new University of Maryland Capital Region Medical Center in Prince George's County.

Mental Health and Substance Abuse

- In fulfillment of the state's commitment to increase its capacity to accept court-ordered placements for behavioral health treatment, the FY 2019 budget supports the addition of 82 treatment beds in state facilities as well as expanded access to treatment in the community. The budget provides an additional \$3.4 million in FY 2018, \$8.1 million in FY 2019, and 33 new positions toward this end.

Quality of Life

- In addition to \$159.3 million dedicated to existing, non-Medicaid substance use disorder and addiction programs, the FY 2019 budget includes \$13.7 million in spending to augment the state's response to the heroin/opioid epidemic. This includes the second \$10 million installment in the governor's five-year, \$50 million commitment, an additional \$3 million enhancement, and \$700,000 plus one new position to expand the efforts of the Opioid Operational Command Center.
- Additional funds are provided to expand capacity at the state's two Regional Institutes for Children and Adolescents, in support of the state's goal of returning children placed out-of-state for behavioral health treatment to Maryland.

Services for Vulnerable Populations

- Temporary Cash Assistance caseloads have continued to decline over the past three years, largely due to a strong economy and successful job placements.
- The FY 2019 budget includes \$1 billion in federal Supplemental Nutrition Assistance Program (SNAP) benefits for more than 364,000 households, \$3.1 million in supplemental SNAP benefits for more than 18,000 households with a member aged 62 or greater, \$116.4 million in heating and electricity assistance benefits

for 218,000 households, and \$29.5 million to provide cash, medical, and housing benefits to 13,000 people with disabilities.

- An additional \$1.5 million is included for the Temporary Disability Assistance Program (TDAP) monthly benefit, the first increase in more than 15 years.
- The budget includes \$1.9 million to fund a 1 percent rate increase for out-of-home residential services for children and foster care placements.
- An additional \$1.9 million is included in FY 2019 to expand senior care programs and enable an estimated 700 seniors to remain in their homes and communities. The budget also includes funding for a new Senior Call-Check Service and Notification Program, which will provide automated calls to seniors at a regularly scheduled time to help them remain safe in their homes and inform them about available support services.

Public Safety and Law Enforcement

- The FY 2019 budget for the Department of Public Safety and Correctional Services includes \$1.4 billion to house and rehabilitate a population of nearly 19,000 inmates, detain arrestees, house pretrial offenders, and supervise nearly 70,000 individuals in the community. This year, the correctional population is projected to fall below 19,000 for the first time since 1992.
- Consistent with goals of the Justice Reinvestment Act, an additional \$1.2 million is provided in FY 2019 to establish a new Community Adult Rehabilitation Center, expanding community assistance, substance abuse programs, rehabilitative services, and job readiness training for DPSCS's pre-release population.
- Fifteen new positions are provided to the Maryland Department of Health to assist inmates in applying for Medicaid eligibility prior to release.

Quality of Life

- The budget includes \$6.9 million to improve retention of Correctional Officers at state facilities.
- Police aid to local governments and municipalities is funded at \$74.5 million in FY 2019. Local law enforcement grants total \$35.3 million and include an additional \$2 million each for the new Maryland Criminal Intelligence Network and a new program of school safety grants for schools and child care centers.
- Since Governor Hogan took office, spending to upgrade and replace the State Police vehicle fleet totals more than \$40 million, including \$8.2 million provided in FY 2019. In addition, the budget provides funding to support two cadet classes to maintain trooper strength in the field.
- The FY 2019 budget includes funding for resident room furniture and other improvements at the Charlotte Hall Veterans Home.
- To improve employee recruitment and retention, the budget includes funds for salary adjustments for police communications operators, fire safety inspectors, certain airport firefighters, and security positions at Clifton T. Perkins Hospital. The FY 2019 budget also includes funding for a 2 percent COLA for employees.

Environment and Natural Resources

- The fiscal year 2019 budget marks the first time since 2008 that no funding for transfer tax programs – including Program Open Space – is diverted to the General Fund. Programs funded by the transfer tax receive \$253 million, an increase of \$67 million from FY 2018. Additionally, repayment of past transfers starts with \$6 million in additional funding for Critical Maintenance projects at Maryland State Parks.
- The Chesapeake and Atlantic Coastal Bays 2010 Trust Fund receives \$52.9 million in FY 2019, marking the third year in a row that the Hogan administration has fully funded bay restoration efforts. Funding for the 2010 Trust Fund under the Hogan administration exceeds the amount provided in the prior four years by 80 percent.
- In keeping with the Hogan administration's commitment to phase in full funding for the Rural Maryland Prosperity Investment Fund over three years, the FY 2019 budget includes \$6 million to provide targeted funding to regional councils, infrastructure projects, rural entrepreneurship, and rural community development.

Quality of Life

- The FY 2019 budget includes second year funding of \$2.5 million for the Next Generation Farmland Acquisition program to help young farmers acquire farmland to implement sustainable agricultural practices.
- The governor's FY 2019 budget includes \$1.9 million in additional Payments in Lieu of Taxes (PILOTs) for counties with the highest acreage of state-owned protected and preserved lands.
- The Maryland Park Service budget increases by \$3.8 million and includes seven new positions to support record-breaking visitorship at our State Parks and other public lands. Total funding for Maryland State Parks under the Hogan administration exceeds the level provided during the prior four years by 25 percent.
- In accordance with the Hogan administration's commitment to preserving Maryland's historical resources, annual funding for the Maryland Heritage Area Authority Financing doubles to \$6 million. Additionally, the administration is proposing to allow \$300,000 from the Fund to be used for non-capital grants for preservation research and planning activities.
- On top of the more than \$3 billion that the governor has invested in Chesapeake Bay restoration efforts over the past three years, the FY 2019 budget includes \$6 million in Bay Restoration Funds specifically to accelerate the development of a nutrient trading market, which aims to reduce the cost per pound of pollution reduced and increase the scope of bay clean-up.
- The Hogan administration has reinstated the Critical Areas Commission Circuit Rider Program in the FY 2019 budget, which will provide technical assistance to small jurisdictions, primarily on the Eastern Shore, to help to expedite Critical Area planning and permitting.
- The budget continues funding for agricultural land preservation grants for Calvert, Charles, and St. Mary's counties.
- The Hogan administration is working to address pollution from the Conowingo Dam through a pilot project to dredge part of the estimated 31 million cubic yards of accumulated sediment behind the dam.

Energy Programs

- The governor's FY 2019 budget includes a total of \$18.5 million for renewable and clean energy programs, \$12 million for energy efficiency and conservation programs, \$6 million for animal waste-to-energy programs, and \$2 million for the Jane E. Lawton Conservation Loan Program and the State Agency Loan Program.
- In FY 2019, the Maryland Energy Administration receives \$4.8 million for its "Maryland Open for Offshore Wind Business" campaign to attract offshore wind-related business to the state and position Maryland as a regional hub for the industry.
- The Maryland Department of the Environment's Energy-Water Infrastructure Program receives \$8 million in FY 2019 to improve energy efficiency and reduce costs at water and wastewater treatment plants.

Government Reform and Infrastructure

- The FY 2019 budget includes \$80.4 million to continue development of the Shared Human Services Platform to replace current social services IT systems with a modern, "client-centric" approach.
- The governor's budget provides \$5.3 million to replace half of the phone systems at Local Departments of Social Services with a Voice over Internet Protocol (VoIP) system to improve reliability and to implement a statewide human services protective hotline to ensure the public can report child and elder abuse in a timely manner.
- \$2 million in new funding is provided to expand broadband access to rural communities.

Maryland's Capital Budget

The FY 2019 capital budget totals \$4.6 billion. The capital budget funds the construction of buildings, infrastructure, and development of other long-term assets for the state. Governor Hogan's proposed capital budget focuses on education, infrastructure, and community revitalization. It continues to hold down the amount of new debt in order to bring the state's ongoing expenses under control.

Most of the capital budget, \$2.9 billion, contains transportation projects, including roads and mass transit. The remaining \$1.7 billion of the capital budget covers education projects, environmental projects, and other facilities to support public services and communities throughout the state. Seventy-two percent of state general obligation (G.O.) bond funding is directed to education facilities.

A Fiscally Responsible Capital Plan

The FY 2019 capital budget marks the fourth consecutive year in which the Hogan-Rutherford administration's proposed budget holds new state debt to \$995 million. By limiting new state debt and maintaining this level for five years, the state will reduce future debt service expenses. The legislative Spending Affordability Committee has recommended borrowing an additional \$80 million in fiscal year 2019, with further increases in future years. That recommendation would increase future debt service costs by more than \$740 million in total over the life of the bonds.

Other sources of capital funds include federal grants, revenue bonds issued by the University System of Maryland and the Department of the Environment, other legally-dedicated special funds, and a small amount of state general funds.

This budget fully restores dedicated funds for land preservation and recreation facilities, and it begins to repay dedicated funds that were transferred away during previous administrations. As a result, Program Open Space and other environmental programs will receive \$186 million in FY 2019.

K-12 Education

School construction projects total \$365 million, accounting for more than one-third of FY 2019 G.O. bonds:

- \$314 million for the traditional public school construction program;
- \$40 million for supplemental funding for public school districts with high enrollment growth;
- \$7.6 million for the Aging Schools Program; and
- \$3.5 million for improvements to aging non-public school facilities.

This is the largest budget for school construction projects in the last ten years. Over the last four years, school construction funding has increased every year, and the administration's overall investment now totals \$1.4 billion.

Maryland's Five-Year Capital Improvement Program (Millions of \$)

	FY 2019	FY 2020	FY 2021	FY 2022	FY 2023	Five-Year Total

* Other includes General Funds, Special Funds, Federal Funds, and Revenue Bonds.

Maryland's Capital Budget

Higher Education

Maryland's strong and diverse higher education system is a key to economic success. The capital budget includes \$349 million for higher-education projects. State colleges and universities will receive \$275 million, including:

- \$61 million to continue construction of the New Science Facility at Towson University,
- \$63 million to continue construction of the Interdisciplinary Life Sciences Building at University of Maryland Baltimore County,
- \$28 million to begin building a new academic building at the Southern Maryland Regional Higher Education Center, and
- \$46 million to begin construction of the Morgan State University Student Services Support Building.

Community colleges receive \$60 million, funding 16 projects at 11 community colleges. The list includes:

- \$14 million for the Montgomery College Student Services Center in Rockville,
- \$10 million to renovate two academic buildings at Howard Community College,
- \$9 million for Prince George's Community College's Queen Anne Academic Center, and
- \$9 million for the College of Southern Maryland Health Sciences Center in Hughesville.

The capital budget also provides \$8 million for projects at three private institutions: The Johns Hopkins University and Loyola University Maryland in Baltimore City, and Washington College in Kent County, plus \$5 million for Stevenson University's redevelopment of the former Rosewood property in Baltimore County.

Libraries

The capital budget includes \$5 million to complete renovation of the Pratt Central Library and State Library Resource Center in Baltimore, and \$5 million for seven local library projects.

Environment, Natural Resources, Energy, and Land Preservation

Maryland has committed a significant portion of its capital budget to protecting its natural resources. Environmental projects total approximately \$653 million in FY 2019 authorizations. Included in this total are:

- \$410 million for protecting the Chesapeake Bay and the quality of water for Marylanders through various programs.
 - Under the Department of the Environment, the Water Quality Revolving Loan Fund will provide \$307 million, the Bay Restoration Fund will provide \$70 million, and the Septic System Upgrade Program will provide \$15 million in FY 2019.
 - Maryland Environmental Service will provide \$10 million for water quality and utility projects at state facilities.
 - The Maryland Agricultural Cost-Share Program annual appropriation has been increased to \$8.5 million in order to further prevent nutrient runoff.
- \$186 million to meet the goals of land preservation programs including Agricultural Land Preservation, Program Open Space, and Rural Legacy. In FY 2019, all state property transfer tax revenues are fully dedicated to their intended purposes of land preservation and recreation.
- \$36 million for the Drinking Water Revolving Loan fund and water supply assistance to local governments.

Maryland's Capital Budget

Health Care and Vulnerable Marylanders

The capital budget devotes \$53 million to hospitals and other health care resources, including:

- \$19 million to construct the University of Maryland Capital Region Medical Center in Prince George's County,
- \$12 million for other University of Maryland Medical System projects,
- \$8 million for the Community Health Facilities Grant Program and Federally Qualified Health Centers, which will help fund 11 projects for community-based primary and preventive care, behavioral health, and disability services,
- \$5 million will assist the Johns Hopkins University and Medical System with a new Center for Cell Therapy Manufacturing,
- \$5 million to the Maryland Hospital Association to assist six private hospitals in five jurisdictions, and
- \$1.75 million for other local hospital projects.

Public Safety

The capital budget includes \$25 million for projects related to public safety. \$10.5 million continues the development of the statewide Public Safety Communication System (the "700 megahertz" system).

Also included are a new State Police barracks in Cumberland, funding for five local jail projects, and funding to begin demolition of outdated buildings at the Baltimore City Detention Center.

Critical Public Services

The capital budget includes \$124 million for a wide range of improvements to government facilities or projects that provide services to citizens, such as:

- \$12 million for a new District Court in Catonsville,
- \$9 million for the National Guard's Freedom Readiness Center in Carroll County, and
- \$48 million for major facility renewal projects to state buildings and state park facilities.

Economic Development and Jobs

The capital budget includes \$126 million for community revitalization and housing projects administered by the Department of Housing and Community Development and \$19 million for other projects to improve downtowns and promote tourism and the arts.

Project C.O.R.E. (Creating Opportunities for Renewal and Enterprise) is a multi-year initiative of the Hogan administration to address blight in Baltimore. This project has been bringing significant resources in order to replace approximately 3,600 units of blight with green space and redevelopment opportunities. The FY 2019 capital budget includes \$25 million to complete the state's \$75 million funding commitment.

Another \$3.5 million is allocated to strategic demolition projects throughout the state outside of Baltimore. In addition, \$3 million is included for an innovative "Smart Buy" program that will help families to afford to become homeowners and pay off their student loan debt.

The budget provides assistance to revitalize communities across Maryland and support their growth. Project locations include Hagerstown, Cumberland, and Columbia. State funding will be provided for projects at the Maryland Zoo and Lexington Market, both in downtown Baltimore, and the Patterson House and Museum in Calvert County, which will attract visitors and create jobs. The state continues to demonstrate its dedication to history, culture, and the arts by supporting projects such as the Merriweather Post Pavilion in Columbia, the Baltimore Museum of Art, and Historic Annapolis.

Capital Budget for Transportation

The proposed FY 2019 capital budget for Department of Transportation projects totals \$2.9 billion. The budget includes funding to build and maintain the entire range of Maryland's transportation infrastructure; including roads and bridges, motor vehicle facilities, mass transit networks, mobility services, the Port of Baltimore, BWI Thurgood Marshall Airport, as well as various small airports.

In FY 2019, state sources comprise \$1.6 billion of the capital budget, or 53.4 percent, and federal aid for highways, mass transit, aviation, and port security makes up \$1.1 billion, or 38.9 percent. Other sources of funding, including user fees and federal funds received directly by WMATA, comprise \$224.3 million, or 7.7 percent.

State Highway Administration (SHA)

SHA projects constitute \$1.45 billion, the largest share of the FY 2019 capital program for transportation. The SHA capital program is funded with \$756.7 million in state revenue and \$690.6 million in federal aid. Major economic projects by region include:

Western Maryland

- \$33.8 million for the widening and rehabilitation of the I-81 bridges over the Potomac River in Washington County, and
- \$15.6 million for constructing US 219 improvements in Garrett County

Eastern Shore

- \$8.3 million to finish the MD 272 bridge over Amtrak in Cecil County, and
- \$25.4 million for widening two segments of US 113 in Worcester County

Suburban Washington Region

- \$22 million to support the Traffic Relief Plan along I-270 and I-495 in Frederick, Montgomery and Prince George's counties;

- \$19.7 million for the interchange at MD 85 and I-270 and \$11.2 million to replace the MD 355 bridge over CSX in Frederick County;
- \$28.8 million to continue the congestion mitigation project along I-270 in Frederick and Montgomery counties;
- \$30.3 million to construct a new interchange on I-270 at Watkins Mill Road and \$13.8 million to relocate MD 97 around Brookville in Montgomery County;
- \$25.9 million for a new interchange on MD 4 at Suitland Parkway; and
- \$42 million to construct a new interchange on MD 210 at Kerby Hill/Livingston roads in Prince George's County

Southern Maryland

- \$3 million to finish widening MD 2/4 (Phase 2) in Prince Frederick in Calvert County;
- \$3.8 million for engineering of the MD 4 Thomas Johnson Bridge replacement between Calvert and St. Mary's counties;
- \$2.2 million to start intersection improvements at Abell/Moakley streets;
- \$4.8 million to start widening MD 5 to Point Lookout State Park; and
- \$12.7 million to construct a new interchange just north of Charles County along MD 5 at MD 373

Capital Budget for Transportation

Baltimore Region

- \$12 million for BRAC improvements near Ft. Meade in Anne Arundel County;
- \$39.5 million for various bridge and widening improvements along I-695;
- \$13 million for engineering of new congestion relief on I-695;
- \$2.9 million for widening of MD 140 in Baltimore County;
- \$11.5 million to improve MD 30 in Hampstead in Carroll County;
- \$19.8 million to widen MD 32 west of MD 108 in Howard County; and
- \$7.5 million to finish BRAC improvements near Aberdeen Proving Ground in Harford County

SHA's budget also includes \$100 million to construct stormwater mitigation measures as part of Maryland's Watershed Implementation Plan.

Motor Vehicle Administration (MVA)

MVA's FY 2019 capital budget totals \$37.6 million. \$5 million of this funding is for building improvements, and \$16.2 million is for upgrading MVA's enterprise-wide IT system.

Maryland Aviation Administration (MAA)

MAA's FY 2019 capital budget totals \$117.1 million and includes the following major projects for BWI/Thurgood Marshall Airport:

- \$20.4 million for improvements to extend the international concourse;
- \$16 million for shuttle bus replacements; and
- \$10 million for improvements to the midfield cargo facility.

Maryland Transit Administration (MTA)

MTA's FY 2019 capital budget totals \$811.7 million, with \$412.3 million, or 51 percent, coming from federal sources. Major projects include:

- \$37 million for MARC commuter rail improvements on the Camden, Brunswick and Penn lines and \$38.2 million for coach and locomotive overhauls and replacements;
- \$37.9 million in the Baltimore area for mid-life overhaul of light rail cars; \$50.7 million for bus procurements; \$38.3 million for the Kirk bus facility replacement; \$33.1 million for other bus facility and systems upgrades and \$67.7 million for Metro overhauls and vehicle replacements;
- \$334.9 million for Purple Line Transitway construction in the Washington area; and
- \$29.9 million for capital assistance to a variety of locally operated transit systems around the state.

Maryland Port Administration (MPA)

MPA's FY 2019 capital budget totals \$127 million, including:

- \$67.4 million for projects related to dredging for the Port of Baltimore;
- \$3.4 million for the reconstruction of berths at various terminals; and
- \$4 million for the Fairfield Marine Terminal expansion project.

Capital Budget for Transportation

The Secretary's Office (TSO)

TSO's FY 2019 capital budget totals \$107.4 million and includes:

- \$3.7 million for the Bikeways Network Program;
- \$16 million including a federal grant for the study of MAGLEV between Washington and Baltimore; and
- \$53.7 million in grants to local jurisdictions.

Washington Metropolitan Area Transit Authority (WMATA)

WMATA's FY 2019 capital budget totals \$255.8 million. This includes \$99.9 million in federal funds that go directly to WMATA. Maryland's state funding of \$155.9 million is mostly for the WMATA capital improvement program and Maryland's match to the Passenger Rail Investment and Improvement Act safety program.

DEPARTMENT OF TRANSPORTATION Total 5-Year Program, FY 2019 – FY 2023 (Millions of \$)

	<u>2019</u>	<u>2020</u>	<u>2021</u>	<u>2022</u>	<u>2023</u>	<u>5-Year Total</u>

¹ The Department is using Passenger Facility Charge (PFC) revenue, Customer Facility Charge (CFC) revenue and Maryland Transportation Authority (MDTA) bond financing to fund several projects identified in this program. The PFC-, CFC-, and MDTA-eligible project costs are included in the totals above.

² Does not include Federal Funds received directly by the Washington Metropolitan Area Transit Authority that are not included in MDOT's budget.

³ Includes PFC's, CFC's, Certificates of Participation and MDTA funds for Maryland Aviation Administration projects.

Supporting Local Government

The FY 2019 budget increases aid to local governments by \$181.1 million.

The FY 2019 budget provides \$7.7 billion in aid to local governments – \$181.1 million over FY 2018. The primary increases include an additional \$137.7 million for K-12 education aid, \$20.6 million for natural resources, and \$18 million for transportation.

Primary and Secondary Education

Foundation Program: The foundation program is the largest single local aid program and is fully funded in FY 2019. Under the program, aid is distributed on the basis of public school enrollment and equalized for taxable wealth so that jurisdictions with smaller per pupil tax bases receive proportionately more aid. Additional funding of \$15.2 million is provided to ensure that every jurisdiction receives more funding in FY 2019 than FY 2018.

Compensatory Education: The compensatory education program is directed toward the education of children who are economically and environmentally disadvantaged. The Bridge to Excellence Act directs the aid according to the number of students receiving free or reduced price meals.

Special Education: Aid for special education is provided to school systems to help cover the additional cost of educating students with needs for special services. These funds are allocated on a formula basis for students in local schools and to support children placed in nonpublic special education schools. The FY 2019 budget reflects the state's share at 70 percent of the cost of nonpublic placements over a certain amount.

Student Transportation: This program provides aid for the transportation of students to and from school, including a specific grant aid for transporting special needs students.

Other Education Aid: Other education aid includes \$288 million to support students with limited English proficiency and \$48.2 million for the Guaranteed Tax Base program, which provides grants to those subdivisions that have less than 80 percent of the statewide average wealth per pupil and that provide local education funding above the local share required by the foundation program.

State Retirement System: In addition to direct aid for education, the state pays a portion of pension and retirement benefits for teachers, principals, administrators, and other eligible employees on behalf of each board of education.

Education Aid Per Pupil

The chart below shows state aid for public schools on a per pupil basis. Aid includes direct aid and contributions for teachers' retirement. Pupils are measured as full-time equivalent counts as of September 30, 2017, the same basis as used for allocating aid under the statutory formulas.

Total K-12 Education Aid - Fiscal Year 2019 Per Eligible Full-Time Equivalent Pupil

Libraries

Library Aid Formula: The state supports the current operating and capital expenses of local library systems. Aid is distributed on the basis of population and is equalized so that jurisdictions with smaller per capita tax bases receive more aid per capita. During the 2016 Legislative Session, legislation passed increasing the per capita calculation for library aid and phasing in this change through FY 2022.

State Library Network: The library network program provides aid for the State Library Resource Center at the Enoch Pratt Central Library in Baltimore and the three regional resource centers in non-metropolitan areas. During the 2016 Legislative Session, legislation passed increasing the per resident calculation for library network funding and phasing in this change through FY 2022.

State Retirement System: In addition to direct aid for libraries, the state pays the entire cost of pension and retirement benefits for eligible librarians and other employees on behalf of the library systems. There is an exception for Montgomery County where librarians have elected to remain in the Montgomery County Retirement System rather than in the state system, in which case the state remits the lesser of the cost of retirement for the county or the state systems.

Community Colleges

Current Expense Formula: The current expense formula bases funding on a percentage of the appropriation per FTE student at four-year public higher education institutions.

Unrestricted Grants and Special Programs: The budget includes \$6.6 million for small community colleges, \$6.0 million to fund a statewide program for out-of-county or out-of-state students in regional or health manpower shortage programs, \$5.5 million for the English for Speakers of Other Languages program, \$404,492 for other out-of-county and out-of-state student agreements, and a \$2 million one-time supplemental grant for community colleges that limit any tuition increase for the 2018-2019 academic year to 2% or less.

Optional Retirement: The state distributes funds directly to the community colleges to reimburse them for the employer cost of members of the Optional Retirement System, a vendor operated, defined contribution plan offered as an alternative to the state's defined benefit pension and retirement systems.

State Retirement System: In addition to direct aid to community colleges, the state pays the entire cost of pension and retirement benefits for eligible teachers, administrators, and other employees on behalf of each community college.

Police, Fire, and Public Safety

Aid for Police Protection: The state gives grants to the subdivisions to help provide for police protection services, which are distributed through a formula based on population and population density. Grants are shared between counties and municipalities on the basis of expenditures, and municipalities receive an additional grant based on the number of police officers.

Aid for Fire, Rescue, and Ambulance Systems: Counties and municipalities receive grants for fire, rescue, and ambulance equipment, and capital renovations.

Special Grants: The budget includes funding to Baltimore City for foot patrol, violent crime grants, community policing, the War Room, and a \$2.0 million grant to the Baltimore City State's Attorney's office. In Prince George's County, funds are provided for drug enforcement, violent crime grant programs, and \$1.3 million for the State's Attorney's office. Additional general funds are provided for STOP Gun Violence grants and the domestic violence unit. Also included are special funds awarded by the Vehicle Theft Prevention Council, grants from the state's telephone surcharge for the "911" emergency system, and grants to help enforce school bus safety laws.

Transportation

Highway User Revenues: The motor vehicle fuel tax, motor vehicle registration fees, a share of the motor vehicle titling tax, and a share of the corporate income tax are designated as Highway User Revenues (HUR). The state shares these revenues with the counties and municipalities to help fund the construction and maintenance of local roads. Baltimore City receives 7.7% in FY 2019. The remaining counties and municipalities receive 1.5% and 0.4% respectively in FY 2019. The distribution is made according to a formula based on locally maintained road mileage and vehicle registrations.

Elderly and Disabled Transportation: Grants are provided to fund local transportation services for elderly and disabled persons, with 60 percent of the money distributed equally among the counties and Baltimore City and 40 percent based on the distribution of the elderly and disabled populations. In addition, funding is included to help defray the cost of providing paratransit services required under the federal Americans with Disabilities Act.

Other Grants: The administration is providing other transportation grants totaling \$53.7 million, of which \$5.6 million will be distributed to Baltimore City, \$27.8 million to counties, and \$20.4 million to municipalities. The distribution of funds for counties and municipalities will be made according to a formula based on locally maintained road mileage and vehicle registrations.

Miscellaneous

Local Health Grants: This program funds a wide range of preventive health services such as family planning, maternity and child care assistance, cancer control, and AIDS education and outreach. The administration has introduced legislation to level fund the FY 2019 formula grant at the FY 2018 level.

Disparity Grants: Grants are distributed to subdivisions whose per capita income tax revenues are less than 75 percent of the statewide average. Beginning in fiscal year 2011, funding to any county is not required to exceed the fiscal year 2010 grant. The formula was modified during the 2013 legislative session to add a minimum grant amount based on the local tax effort of eligible counties and increases the local income tax rate required to be eligible to receive a grant from 2.4% to 2.6%. Legislation passed in 2016 increased the minimum grant from 60% to 67.5% for jurisdictions with a 3.2% tax rate.

Program Open Space: This program provides for the acquisition and development of parks and other conservation areas.

Retirement Contributions

Under this statutory program the state pays, on behalf of each county board of education, a portion of pension and retirement benefits for eligible teachers, principals and other eligible school employees. The state pays the entire cost of pension and retirement benefits on behalf of community colleges and the library system. There is an exception for Montgomery County where librarians have elected to remain in the Montgomery County Retirement System rather than in the state system, in which case the state remits the lesser of the cost of retirement for the county or the state systems.

There is no distribution of funds directly to the subdivisions, but rather lump sum payments are made to the state's retirement board. Each subdivision's share of the state's retirement appropriation, however, can be estimated based on county-by-county salary data.

APPENDIX F FY 2017 - 2023 FORECAST

General Fund Summary

All projections of revenues and expenditures are based on existing State laws and the current economic outlook unless otherwise noted. Revenues from Video Lottery Terminals and spending from the Education Trust Fund are not included in the General Fund forecast as they are considered Special Fund revenues and expenditures, respectively. Revenues from Video Lottery Terminals deposited into the Education Trust Fund are expected to total \$503 million FY 2019 and increase to \$518 million in FY 2023.

Revenues - Projections are based on the December 2017 Board of Revenue Estimates (BRE) report. Overall, the BRE expects revenues to increase by \$360 million, or 2.2%, in FY 2018 before increasing \$566 million, or 3.3%, in FY 2019. Outyear revenue growth is estimated to be 2.9%, 3.6%, 3.7% and 3.7% for FY 2020 through 2023, respectively. FY 2018 revenues assume a \$90 million fund balance transfer and \$1.0 million in other actions consistent with the September 2017 Board of Public Works Meeting. Additional revenue adjustments in FY 2018 include \$22 million in Volkswagen settlement revenue. Beginning in FY 2019, and throughout the forecast period, revenues are adjusted to reflect the Administration's proposals for tax relief. Specific proposals include Homestead Heroes, Military Retirement Income, Small Business Relief Tax Credit, and an expansion of the More Jobs for Marylanders tax credit. These proposals are phased in over time. The forecast also assumes tax credit reimbursement in each year of the forecast.

Expenditures - Expenditures are categorized by: general obligation bond debt service payments, local aid programs, entitlements, State operations, and Capital (PAYGO) projects. Overall, the budget for FY 2019 increases by \$590 million or 3.4% compared to FY 2018. The FY 2019 budget includes almost \$406 million in reductions contingent on the enactment of legislation, the largest of which reduces the contribution to the Rainy Day Fund by \$193 million. Debt service payments total \$289 million in FY 2019, an increase of 11% compared to FY 2018. Debt service is the fastest growing category of expenditure in the out-years growing by an average of almost 15% per year and reaching \$512 million in FY 2023.

General fund Aid to Local Governments is expected to increase by \$124 million, or 1.9%, in FY 2019. K-12 education is funded at \$6.1 billion in FY 2019, a historic level. Other local aid experiences a slight increase. For FY 2019 through 2023, local aid, including education aid, is expected to grow by 3.0% annually. Growth is moderated in the out years as the result of proposed legislation to slow the increase in mandated expenditures, excluding K-12 formulas, pension, and debt service costs.

Entitlements, including Foster Care Payments and Medicaid, are expected to increase 4.4% in FY 2019. Most of the growth is tied to increases in Medicaid from the increased enrollment and provider payments including Managed Care Organizations. Growth in entitlement spending for the FY 2019 through 2023 period will average 7.7% a year. The rate of growth in Medicaid accelerates in future years because of rate adjustments and an increase in the State share of the cost of the Medicaid expansion population. Growth in other entitlements is expected to be modest.

Mandated State operations include funding for the legislative and judicial branches of government, St. Mary's College of Maryland and Baltimore City Community College, several scholarship programs, the Maryland School for the Deaf, Historic St. Mary's City Commission, and tourism/arts programs. Only about a third of the general fund budget is actually devoted to non-mandated, ongoing State operations. These include public safety, health, human services, and higher education. Out year budget growth in non-mandated State Operations and Higher education is largely driven by increased employee costs including health insurance and retirement rates. Higher education institutions are expected to receive an average increase in State support of 4.4% per year for FY 2020 through FY 2023.

The fiscal year 2019 budget includes funding for a cost-of-living adjustment of 2% starting January 1, 2019. Increases for employee pay increments are included in the out-year forecast period. Other than health insurance and retirement rate contribution adjustments, no inflation has been included for the out-years.

The budget includes a net general fund deficiency appropriation of \$107 million for fiscal year 2018. The largest deficiency appropriation is in the Maryland State Department of Education to offset declines in Video Lottery Terminal revenue. Deficiencies in FY 2018 are partially offset due to reduced health insurance costs to State employees and State agencies as a result of favorable expenditure trends.

APPENDIX F

FY 2017 – FY 2023 FORECAST

Higher Education Fund Summary

Reporting of revenues and expenditures utilizes uniform standards of the National Association of College and University Business Officers (NACUBO) and the American Institute of Certified Public Accountants (AICPA). Standardized fund accounting facilitates comparisons with other public and private institutions. Financial accounting for non-profit education entities provides information about resources and obligations rather than the tracking of net income.

There are multiple fund classifications as to purpose and source: Current, Loan, Endowment, Annuity, Plant, and Agency. Only Current Funds, Unrestricted and Restricted, are considered in the operating budget appropriation process and utilized in the five-year projections. Unless "restricted" by an outside donor, grantor or contractor, all other funds support missions through single-year operations.

Tuition and Fees – FY 2019 undergraduate resident tuition rates are projected to increase by 2% at University System of Maryland (USM) institutions, Morgan State University and St. Mary's College of Maryland (SMCM). The FY 2019 budget also includes fee increases at some institutions. Tuition and fee revenues from FY 2020 through FY 2023 are projected to continue to increase by 2% per year. This plan expects non-residents to pay at least 100% of educational and general (E&G) costs per student. Similar relationships have been developed for part-time student rates.

State Appropriations – The State appropriation includes Higher Education Investment Fund (HEIF) special funds and general funds. There is a total of \$68.1 million in HEIF special funds in the FY 2019 budget. The FY 2019 budget provides a 2.4% increase to both USM and Morgan. USM and Morgan's budgets for FY 2020 through FY 2023 assume an average increase in additional State appropriations of 4.0% per year. Baltimore City Community College's FY 2019 State appropriation increases 0.1% from the FY 2018 level and is projected to grow by an average of 0.5% in the out years. SMCM's FY 2019 State appropriation increases by 4.8%. Out years for SMCM reflect projected increases in the implicit price deflator (IPD) averaging 1.6% per year.

Grants and Contracts – Federal grants and contracts are projected to be flat in out years because of minimal anticipated growth in federal spending. Grants and contracts from State and local governments and private donors are assumed to grow by an average of 1% per year.

Other Unrestricted Funds – Sales and Services of Auxiliary Enterprises are projected to increase 3.0% per year due to both the rates charged and the population served by dorms and dining halls. Sales and services of educational activities are projected to grow by an average of 1.0% per year. Other sources are projected to remain flat in out years.

Transfers (to) / from Fund Balance – This category includes reserves and revenues from one year's operations being used for expenditures in another year. For example, it is common for fund balances to differ from actual year to current year due to the carryover of unfinished business because higher education uses accrual accounting versus the State's cash accounting.

Fund Balance – Most of the fund balances are from other than State-supported operations. For example, auxiliary enterprises are normally self-supported through revenues other than general funds. Operating "reserves" equivalent to outstanding debt are recommended to maintain favorable bond ratings. Finally, long-term facility renewal and replacement require a set-aside for future projects, even though no major uses are reported.

Restricted Funds – Restricted funds in total are assumed to increase by an average of 0.8% per year.

APPENDIX F

FY2017 – 2023 FINANCIAL PLAN

Transportation Trust Fund Summary

The Department's revenue and operating cost projections are based on a long-term "moderate growth" scenario for the nation's economy. The major trends and assumptions are as follows: Bond interest rates are projected to fluctuate from 4.0% to 4.2%; inflation rates will vary from 1.9% to 2.6% annually. Normal business cycles are anticipated with moderate economic growth expected to continue for the next six years. There are no major changes in law, operating responsibilities or external events other than those changes enacted in the 2013 Legislative Session.

Revenues – Motor Fuel Tax is projected to total \$6.5 billion over the six-year period. This projection includes both the base rates on gasoline (23.5 cents/gallon) and diesel fuel (24.25 cents/gallon) and the revenue components provided by the Transportation Infrastructure Investment Act of 2013. The Consumer Price Index (CPI) effect is estimated to average 3.1 cents per gallon over the program period. The sales and use tax equivalent piece has been fully phased in and is estimated to average 10.2 cents per gallon. Growth in motor fuel usage is expected to average 0.8%, reflecting increasing fuel efficiency of vehicles and slower growth in vehicle miles traveled.

Motor Vehicle Titling Tax is projected to yield \$5.1 billion from the 6% of fair market value, less an allowance for trade-in, paid on the sale of all new and used vehicles as well as on new residents' vehicles. This revenue source follows the cycle of auto sales with periods of decline and growth. It is projected that this six-year planning period will follow a normal business cycle around an underlying upward trend. Motor Vehicle Registration, Miscellaneous and other fees are projected to generate \$3.8 billion based mainly on an average 1.5% biennial increase in revenues from vehicles registered. This amount also includes the rental vehicle sales tax.

Transportation's share of Corporate Income Tax revenues is expected to be \$936 million. Federal Aid is projected to contribute \$6.3 billion for operating and capital programs, excluding the \$599 million received directly by Washington Metropolitan Area Transit Authority. The majority of federal aid supports the capital program.

Operating Revenues are projected to provide a six-year total of \$2.9 billion. MTA revenues (\$1.1 billion) primarily include rail and bus fares. MPA revenues (\$325 million) include terminal operations, the World Trade Center, and other port-related revenues. MAA revenues (\$1.5 billion) include flight activities, rent and user fees, parking, airport concessions, and other aviation-related fees.

Bond Proceeds are assumed at \$2.9 billion from issuances in the six-year period based on the supporting net revenues of the Department. The remaining sources provide \$690 million from trust fund investment income, reimbursements, and other miscellaneous revenues.

Expenditures - Normal expenditure projections utilize CPI for growth unless otherwise noted.

Debt Service reflects payment cycles of the planned bond issuances as of FY 2018 and thereafter. In FY 2019, the budget for transportation business unit operations increases by approximately \$52 million (2.6%). The growth is due to higher costs related to funding standard operating cost increases in Maryland's transportation systems.

The capital expenditures shown are in agreement with the Department's six-year Consolidated Transportation Program (CTP). Capital expenditures also are directly related to the level of revenues available for bond sale coverage. The bond outstanding ceiling is controlled by legislation and is adjusted when and as appropriate.

Closing Fund Balances – The Department's goal is to transition to a \$150 million fund balance over the program period to accommodate working cash-flow requirements during the year.

APPENDIX H

BUDGET BILL CONTINGENT AND RESTRICTIVE LANGUAGE

Budget Code	Agency	Summary of Language
D05E01.02	Board of Public Works Contingent Fund	Specifies uses of contingent fund.
D05E01.10	Board of Public Works Miscellaneous Grants to Private Non-Profit Groups	Specifies grantees and amounts.
D06E02.01	Board of Public Works-Capital Appropriation- Public Works Capital Appropriation	Specifies that general fund appropriation of \$29,000,000 shall be reduced contingent upon the enactment of legislation altering the mandate that funding be provided for the construction of the University of Maryland Capital Region Medical Center (formerly Prince George's Regional Medical Center).
D40W01.07	Maryland Department of Planning - Management Planning and Educational Research	Specifies that special fund appropriation of \$300,000 be expended on the Maryland Historical Trust Non-Capital Grant Program contingent upon the enactment of legislation expanding the allowable uses of the Maryland Heritage Areas Authority Financing Fund.
E50C00.01	State Department of Assessments and Taxation- Office of the Director	Specifies that general fund appropriation of \$2,689,129 shall be reduced contingent upon the enactment of legislation that increases the local share to 90% of the cost of the Office of the Director program. Authorization is granted to process a special fund budget amendment of \$2,689,129 to replace the aforementioned general fund amount.
E50C00.02	State Department of Assessments and Taxation- Real Property Valuation	Specifies that general fund appropriation of \$14,067,949 shall be reduced contingent upon the enactment of legislation that increases the local share to 90% of the cost of the Real Property Valuation program. Authorization is granted to process a special fund budget amendment of \$14,067,949 to replace the aforementioned general fund amount.
E50C00.04	State Department of Assessments and Taxation-Office of Information Technology	Specifies that general fund appropriation of \$1,560,777 shall be reduced contingent upon the enactment of legislation that increases the local share to 90% of the cost of the Office of Information Technology program. Authorization is granted to process a special fund budget amendment of \$1,560,777 to replace the aforementioned general fund amount.
E50C00.05	State Department of Assessments and Taxation-Business Property Valuation	Specifies that general fund appropriation of \$1,371,914 shall be reduced contingent upon the enactment of legislation that increases the local share to 90% of the cost of the Business Property Valuation program. Authorization is granted to process a special fund budget amendment of \$1,371,914 to replace the aforementioned general fund amount.
F10A02.08	Department of Budget and Management Office of Personnel Services and Benefits - Statewide Expenses	General funds appropriated for Cost of Living Adjustments, State Law Enforcement Officers Labor Alliance bargaining provisions, and Annual Salary Reviews may be transferred to programs of other State agencies.

APPENDIX H

BUDGET BILL CONTINGENT AND RESTRICTIVE LANGUAGE

Budget Code	Agency	Summary of Language
F10A02.08	Department of Budget and Management Office of Personnel Services and Benefits - Statewide Expenses	Special funds appropriated for Cost of Living Adjustments, State Law Enforcement Officers Labor Alliance bargaining provisions, and Annual Salary Reviews may be transferred to programs of other State agencies.
F10A02.08	Department of Budget and Management Office of Personnel Services and Benefits - Statewide Expenses	Federal funds appropriated for Cost of Living Adjustments, State Law Enforcement Officers Labor Alliance bargaining provisions, and Annual Salary Reviews may be transferred to programs of other State agencies.
F50A01.01	Department of Information Technology- Major Information Technology Development Project Fund -- Major Information Technology Development Project Fund	General funds appropriated for Major Information Technology Development Projects may be transferred to programs of other financial agencies.
F50A01.01	Department of Information Technology- Major Information Technology Development Project Fund -- Major Information Technology Development Project Fund	Special funds appropriated for Major Information Technology Development Projects may be transferred to programs of other financial agencies.
H00G01.01	Department of General Services Office of Facilities Planning, Design and Construction	Amounts appropriated for Maryland Environmental Service projects to transfer to the appropriate state facility effective July 1, 2018.
J00A01.03	Department of Transportation- The Secretary's Office- Facilities and Capital Equipment	Specifies grantees and allocation of amounts for transportation grants to county and municipal governments.
K00A05.10	Department of Natural Resources Land Acquisition and Planning - Outdoor Recreation Land Loan	Specifies use of special fund appropriation.
L00A12.13	Department of Agriculture- Office of Marketing, Animal Industries, and Consumer Services -Tobacco Transition Program	Specifies grantees and allocation of amounts for grants to county and municipal governments.
M00F02.07	Department of Health - Office of Population Health Improvement- Core Public Health Services	Specifies that general fund appropriation of \$890,794 shall be reduced contingent upon legislation eliminating the mandated increase to the Core Local Public Health formula.
M00F03.04	Department of Health - Prevention and Health Promotion Administration - Family Health and Chronic Disease Services	Specifies that general fund appropriation of \$497,000 shall be reduced contingent upon the enactment of legislation authorizing the use of Advance Directive Program fund revenue for Maternal and Child Health Quality Initiatives. Authorization is granted to process a special fund budget amendment of \$497,000 to replace the aforementioned general fund amount.

APPENDIX H

BUDGET BILL CONTINGENT AND RESTRICTIVE LANGUAGE

Budget Code	Agency	Summary of Language
M00F03.04	Department of Health - Prevention and Health Promotion Administration - Family Health and Chronic Disease Services	Specifies that general fund appropriation of \$250,001 shall be reduced contingent upon the enactment of legislation authorizing the use of Cord Blood Transplant Special Fund balance for Maternal and Child Health Surveillance. Authorization is granted to process a special fund budget amendment of \$250,001 to replace the aforementioned general fund amount.
M00L01.02	Department of Health - Behavioral Health Administration - Community Services	Specifies that general fund appropriation of \$2,000,000 shall be reduced contingent upon the enactment of legislation reducing the required special fund appropriation for the Maryland Community Health Resources Commission. Authorization is granted to process a special fund budget amendment of \$2,000,000 to replace the aforementioned general fund amount.
M00L01.02	Department of Health - Behavioral Health Administration - Community Services	Specifies that general fund appropriation of \$3,083,928 shall be reduced contingent upon the enactment of legislation reducing the required provider rate increase for certain behavioral health services.
M00L01.02	Department of Health - Behavioral Health Administration - Community Services	Specifies that federal fund appropriation of \$64,643 shall be reduced contingent upon the enactment of legislation reducing the required provider rate increase for certain behavioral health services.
M00L01.03	Department of Health - Behavioral Health Administration - Community Services for Medicaid State Fund Recipients	Specifies that general fund appropriation of \$578,154 shall be reduced contingent upon the enactment of legislation reducing the required provider rate increase for certain behavioral health services.
M00M01.02	Department of Health - Developmental Disabilities Administration - Community Services	Specifies that general fund appropriation of \$14,638,439 shall be reduced contingent upon the enactment of legislation reducing the mandated provider rate increase.
M00M01.02	Department of Health - Developmental Disabilities Administration - Community Services	Specifies that federal fund appropriation of \$13,295,433 shall be reduced contingent upon the enactment of legislation reducing the mandated provider rate increase.
M00Q01.03	Department of Health Medical Care Programs Administration - Medical Care Provider Reimbursements	Places certain conditions on the use of appropriation for abortions.
M00Q01.03	Department of Health Medical Care Programs Administration - Medical Care Provider Reimbursements	Specifies that general fund appropriation of \$10,000,000 shall be reduced contingent upon the enactment of legislation reducing the Medicaid Deficit Assessment reduction amount for fiscal year 2019 from \$35,000,000 to \$25,000,000. Authorization is granted to process a special fund budget amendment up to \$10,000,000 from Hospital Assessments to support Medicaid provider reimbursements.

APPENDIX H

BUDGET BILL CONTINGENT AND RESTRICTIVE LANGUAGE

Budget Code	Agency	Summary of Language
M00Q01.03	Department of Health Medical Care Programs Administration - Medical Care Provider Reimbursements	Specifies that general fund appropriation of \$8,000,000 shall be reduced contingent upon the enactment of legislation authorizing the use of the Maryland Trauma Physician Services Fund for Medicaid provider reimbursements. Authorization is granted to process a special fund budget amendment up to \$8,000,000 from the Maryland Trauma Physician Services Fund to support Medicaid provider reimbursements.
M00Q01.07	Department of Health Medical Care Programs Administration - Maryland Children's Health Program	Places certain conditions on the use of appropriation for abortions.
M00Q01.10	Department of Health Medical Care Programs Administration - Medicaid Behavioral Health Provider Reimbursements	Specifies that general fund appropriation of \$4,280,672 shall be reduced contingent upon the enactment of legislation reducing the required provider rate increase for certain behavioral health services.
M00Q01.10	Department of Health Medical Care Programs Administration - Medicaid Behavioral Health Provider Reimbursements	Specifies that federal fund appropriation of \$8,306,362 shall be reduced contingent upon the enactment of legislation reducing the required provider rate increase for certain behavioral health services.
M00R01.03	Department of Health Health Regulatory Commissions - Maryland Community Health Resources Commission	Specifies that special fund appropriation of \$3,000,000 shall be reduced contingent upon the enactment of legislation reducing the required appropriation for the Maryland Community Health Resources Commission.
N00G00.01	Department of Human Services Local Department Operations - Foster Care Maintenance Payments	Funds may be used to develop a broad range of services for specified children.
P00C01.02	Department of Labor, Licensing, and Regulation - Division of Financial Regulation- Financial Regulation	Specifies that general fund appropriation of \$1,258,607 shall be reduced contingent upon the enactment of legislation authorizing the deposit of Financial Regulation licensing and examination fees into a Non-Depository Special Fund. Authorization is granted to process a special fund budget amendment of \$1,258,607 to use the special fund revenue to replace the aforementioned general fund amount.
P00E01.02	Department of Labor, Licensing, and Regulation - Division of Racing - Maryland Racing Commission	Specifies that special fund appropriation of \$350,000 shall be reduced contingent upon the enactment of legislation repealing the revenue transfer from the State Lottery Fund for sports marketing.
Q00	Department of Public Safety and Correctional Services	Specifies that 100 vacant positions are abolished in the department. General fund savings from these positions will be utilized for overtime.
R00A02.07	State Department of Education- Aid to Education - Students with Disabilities	Specifies use of general fund appropriation and that funds may be used to develop a broad range of services for specified children.

APPENDIX H
BUDGET BILL CONTINGENT AND RESTRICTIVE LANGUAGE

Budget Code	Agency	Summary of Language
R00A02.13	State Department of Education- Aid to Education - Innovative Programs	Specifies that general fund appropriation shall be reduced by \$5,000,000 contingent upon the enactment of legislation altering the mandate that funding be provided for the Public Schools Opportunities Enhancement Program.
R00A02.13	State Department of Education- Aid to Education - Innovative Programs	Specifies that general fund appropriation of \$5,000,000 shall be reduced contingent upon the enactment of legislation repealing the mandate that funding be provided for the Next Generation Scholars Program.
R00A02.13	State Department of Education- Aid to Education - Innovative Programs	Specifies that general fund appropriation of \$250,000 shall be reduced contingent upon the enactment of legislation repealing the mandate that funding be provided for the Robotics Program.
R00A02.55	State Department of Education- Aid to Education - Teacher Development	Specifies that general fund appropriation of \$5,000,000 shall be reduced contingent upon the enactment of legislation repealing the mandate that funding be provided for the Teacher Induction, Retention, and Advancement Pilot Program.
R00A02.55	State Department of Education- Aid to Education - Teacher Development	Specifies that general fund appropriation of \$1,900,000 shall be reduced contingent upon the enactment of legislation repealing the stipend for specific Anne Arundel County Public School teachers.
R00A02.55	State Department of Education- Aid to Education - Teacher Development	Specifies that general fund appropriation shall be reduced by \$2,100,000 contingent upon the enactment of legislation reducing the mandated stipend for teachers who hold a certificate issued by the National Board for Professional Teaching Standards.
R00A03.03	State Department of Education- Funding for Educational Organizations - Other Institutions	Specifies grantees and amounts.
R00A03.04	State Department of Education - Funding for Educational Organizations - Aid to Non-Public Schools	Sets per pupil amounts for purchase of textbooks, computer software, hardware and other electronically delivered learning materials. Specifies requirements for a school to participate.
R00A03.05	State Department of Education - Funding for Educational Organizations - Student Assistance Organization Business Entity Grants	Specifies use of special funds, clarifying which organizations will qualify for the grants, and requiring the department to establish procedures for the award process and make awards as determined by the BOOST Advisory Board.
R30B22.00	University System of Maryland - University of Maryland, College Park Campus	Specifies that current unrestricted fund appropriation of \$2,000,000 shall be reduced contingent upon the enactment of legislation repealing the requirement that additional funding be provided to the University of Maryland Center for Economic and Entrepreneurship Development.

APPENDIX H

BUDGET BILL CONTINGENT AND RESTRICTIVE LANGUAGE

Budget Code	Agency	Summary of Language
R30B31.00	University System of Maryland - University of Maryland Baltimore County	Specifies that current unrestricted fund appropriation of \$4,000,000 shall be reduced contingent upon the enactment of legislation repealing the requirement that additional funding be provided to increase funding guideline attainment.
R62I00.03	Maryland Higher Education Commission - Joseph A. Sellinger Formula for Aid to Non-Public Institutions of Higher Education Educational Grants	Specifies that general fund appropriation of \$7,364,333 shall be reduced contingent upon the enactment of legislation to level fund the grant to private colleges and universities at the FY 2018 working appropriation level.
R62I00.05	Maryland Higher Education Commission - The Senator John A. Cade Funding Formula for the Distribution of Funds to Community Colleges	Specifies that \$2,000,000 of the general fund appropriation provided for a one-time supplemental grant for the community colleges shall be restricted for this purpose only. Specifies the terms and conditions of the grant.
R62I00.07	Maryland Higher Education Commission - Educational Grants	Specifies purposes and amounts.
R62I00.07	Maryland Higher Education Commission - Educational Grants	Specifies that general fund appropriation of \$5,000,000 shall be reduced contingent upon the enactment of legislation altering the required appropriation for the State Contribution Program.
R75T00.01	Higher Education Support for State Institutions of Higher Education	Specifies transfer of general fund appropriation in quarterly allotments.
R75T00.01	Higher Education Support for State Institutions of Higher Education	Specifies that general fund appropriation of \$4,000,000 shall be reduced contingent upon the enactment of legislation repealing the requirement that additional funding be provided to increase the estimated funding guideline attainment of certain institutions.
R75T00.01	Higher Education Support for State Institutions of Higher Education	Specifies that general fund appropriation of \$2,000,000 shall be reduced contingent upon the enactment of legislation repealing the requirement that additional funding be provided to the University of Maryland Center for Economic and Entrepreneurship Development.
R75T00.01	Higher Education Support for State Institutions of Higher Education	Specifies that general fund appropriation of \$851,000 shall be reduced contingent upon the enactment of legislation altering the Baltimore City Community College funding formula.
R75T00.01	Higher Education Support for State Institutions of Higher Education	Specifies transfer of special fund appropriation in quarterly allotments.
R75T00.01	Higher Education Support for State Institutions of Higher Education	Specifies transfer of special fund appropriation in quarterly allotments. To the extent revenue attainment is lower than estimated, the transfers will be adjusted at year end. Also that special funds of \$9,050,144 may be used only to support the Maryland Fire and Rescue Institute.

APPENDIX H
BUDGET BILL CONTINGENT AND RESTRICTIVE LANGUAGE

Budget Code	Agency	Summary of Language
R95C00.00	Baltimore City Community College- Baltimore City Community College	Specifies that current unrestricted appropriation of \$851,000 shall be reduced contingent upon the enactment of legislation altering the Baltimore City Community College funding formula.
S00A24.02	Department of Housing and Community Development-Division of Neighborhood Revitalization-Neighborhood Revitalization Capital Appropriation	Specifies that general fund appropriation of \$9,000,000 shall be reduced contingent upon the enactment of legislation altering the required appropriation for the Baltimore Regional Neighborhood Initiative.
S00A24.02	Department of Housing and Community Development-Division of Neighborhood Revitalization-Neighborhood Revitalization Capital Appropriation	Specifies that general fund appropriation of \$5,000,000 shall be reduced contingent upon the enactment of legislation repealing the required appropriation for the Seed Community Development Anchor Institution Fund.
T00G00.05	Department of Commerce- Division of Tourism, Film and the Arts- Maryland State Arts Council	Specifies that general fund appropriation of \$1,000,000 shall be reduced contingent upon the enactment of legislation reducing Maryland State Arts Council funding.
Y01A01.01	State Reserve Fund-Revenue Stabilization Account	Specifies that the general fund appropriation of \$193,000,000 shall be reduced contingent upon the enactment of legislation to maintain the fund balance at 5% of projected fiscal year 2019 General Fund revenues.
Y01A02.01	State Reserve Fund-Dedicated Purpose Account	Specifies that the general fund appropriation of \$50,000,000 shall be reduced contingent upon the enactment of legislation reducing the amount of retirement reinvestment contributions.
Y01A02.01	State Reserve Fund-Dedicated Purpose Account	Specifies that the general fund appropriation of \$15,000,000 shall be reduced contingent upon the enactment of legislation adjusting the repayment schedule for programs supported by the transfer tax.
Y01A02.01	State Reserve Fund-Dedicated Purpose Account	Specifies the purposes and amounts.
Y01A03.01	State Reserve Fund-Economic Development Opportunities Program Account	Specifies the purposes and amounts.
SECTION 2		Authorizes Secretary of Budget and Management to allot funds and fix the number and classifications of positions.
SECTION 3		Lists non-classified per diem and flat rate positions.
SECTION 4		Prohibits payment of compensation for a second office of profit within the meaning of the Constitution.

APPENDIX H

BUDGET BILL CONTINGENT AND RESTRICTIVE LANGUAGE

Budget Code	Agency	Summary of Language
SECTION 5		Permits the expenditure of block grants and money derived from sources not estimated or included in the budget by budget amendment.
SECTION 6		Permits appropriation to be transferred among programs by budget amendment.
SECTION 7		Permits the expenditure of special and federal fund revenues in excess of budgeted amounts by budget amendment.
SECTION 8		Authorizes transfer of general fund amounts for operation of state facilities by budget amendment.
SECTION 9		Authorizes transfer of funds provided for tort claims to be transferred to the State Insurance Trust Fund. Sets limits on payments of tort claims.
SECTION 10		Authorizes transfer of general fund amounts for indirect cost pools by budget amendment.
SECTION 11		Restricts the use of funds budgeted for Annapolis Data Center charges. Authorizes the transfer of these funds among agencies by budget amendment.
SECTION 12		Sets forth the salary schedule for the Executive Pay Plan.
SECTION 13		Sets forth the salary schedule for the Department of Transportation Executive Pay Plan.
SECTION 14		Allows the transfer of funds from certain agencies to the Medical Assistance Program for services to clients who become eligible for Medical Assistance.
SECTION 15		Provides that amounts budgeted to conduct administrative hearings shall transfer to the Office of Administrative Hearings on July 1, 2018 and may not be expended for any other purpose.
SECTION 16		Funds budgeted in certain agencies may be transferred to the Children's Cabinet Interagency Fund.
SECTION 17		Funds budgeted for health insurance, retirees health insurance, Workers' Compensation, contractual employee health insurance, DBM-paid telecommunications, Office of Attorney General Administrative Fee, DoIT IT Services Allocation, State Personnel System Allocation, and Rent Paid to Department of General Services (DGS) may not be expended for any other purpose without the prior approval of the Secretary of Budget and Management. Funds budgeted for health insurance, contractual health insurance and DBM-paid telecommunications may be transferred by budget amendment among agencies. Funds not spent for health insurance and retirees health insurance shall revert to a specific fund.

APPENDIX H
BUDGET BILL CONTINGENT AND RESTRICTIVE LANGUAGE

Budget Code	Agency	Summary of Language
SECTION 18		Provides that amounts budgeted to support the Maryland State Retirement Agency shall transfer to the Maryland State Retirement Agency on July 1, 2018 and may not be expended for any other purpose.
SECTION 19		Specifies that the general fund appropriation shall be reduced in fiscal year 2018 by \$54,499,813, the special fund appropriation by \$14,801,122, and the federal fund appropriation by \$9,320,321 for health insurance within specific Executive Branch agencies.
SECTION 20		Specifies that the Governor is authorized to transfer positions and funding, by approved budget amendment, from the Department of Housing and Community Development (DHCD) to the Department of Labor, Licensing and Regulation (DLLR) contingent upon the passage of legislation transferring Maryland Building Codes Administration from DHCD to DLLR.
SECTION 21		Specifies that subtotals and totals in the budget bill are informational only and are not legal appropriations.
SECTION 22		Sets out the estimated revenue and appropriations for the proposed budget to show that the budget meets the constitutional requirement for a balanced budget.

APPENDIX I

RECOVERIES OF INDIRECT COSTS FOR FISCAL YEAR 2017 (\$)

Statewide Indirect Cost Recoveries	Internal Indirect Cost Recoveries	Reverted to General Fund	Recoveries Retained by Agency	Federal Indirect Cost Recovery Rate	Federal Statewide Cost Recovery Rate ¹
--	---	--------------------------------	-------------------------------------	---	---

¹ Expressed as a percentage of total recoveries.

² A single indirect cost recovery rate is negotiated for usage by all Executive Department agencies.

³ Separate recovery rates are negotiated for each of the agency's programmatic units.

⁴ The Department of Human Services utilizes a Federally Approved Public Assistance Cost Allocation Plan as required by OMB circular A-87 and does not have a fixed recovery rate.

⁵ The Department of Labor, Licensing and Regulation data is based on federally approved FY 2012 plan.

⁶ The Department of Public Safety and Correctional Services data is based on federally approved FY 2013 plan.

⁷ The State Department of Education has separate recovery rates, for each type of funding, that are approved annually by the U.S. Department of Education. Beginning in FY 2016, MSDE

⁸ The Department of Housing and Community Development data is based on federally approved FY 2010 plan.

⁹ Older rates are utilized due to the delay in finalizing proposals, the Department of State Police data is based on federally approved FY 2013 plan. MSP submits yearly requests for rates unlike others that are given rates three years out.

*Tobacco Enforcement funds were included as part of program M00 L0102 in FY 2016 and have since moved to program M00 F0304.

MAJOR INFORMATION TECHNOLOGY DEVELOPMENT PROJECTS

Major Information Technology Development Projects (MITDPs) are separate, budgeted programs throughout the State Budget. The individual MITDPs are identified separately within each program for those agencies with MITDPs. The MITDPs are presented separately in this section in a manner similar to the capital budget program.

A MITDP is any information technology development project that meets one or more of the following criteria:

- The estimated total cost of development equals or exceeds \$1 million;
- The project is undertaken to support a critical business function associated with the public health, education, safety, or financial well being of the citizens of Maryland; or
- The Secretary of the Department of Information Technology (DoIT) determines that the project requires the special attention and consideration given to a major IT development project due to the significance of the project's potential benefits or risks, the impact of the project on the public or local governments, the public visibility of the project, or other reasons as determined by the Secretary.

Separate budget programs for information technology development spending are created during the budget cycle. The term "development" has been defined as follows:

- "Development" means all expenditures for a new information technology system or an enhancement to an existing system, including system planning, procurement, creation, installation, testing, and initial training.
- "Development" does not include ongoing operating costs, software or hardware maintenance, routine upgrades, or modifications that merely allow for the continuation of the existing level of functionality.
- "Development" does not include expenditures made after a new or enhanced system has been legally accepted by the user and is being used for the business process for which it was intended.

Each information technology budget sub-program is based on spending for individual MITDPs. Individual project sheets are provided for each project. The aggregated costs of these projects equals the total proposed spending in the MITDP budget program for each agency.

For fiscal year 2019, all General Fund allowances are contained in the MITDP Fund financial agency (F50). General Funds will be appropriated in F50A0101 and transferred by the Department of Information Technology to the agency major project program in accordance with the oversight responsibilities contained in State Finance and Procurement Article § 3A-309. Projected operations and maintenance expenditures, excluding the first year, are not reflected in reported amounts.

The cost of fiscal year 2019 Oversight Project Management (including all tiers of the oversight program) has been allocated to participating projects within the funding amounts indicated. DoIT and the participating agency will transfer funds at the end of the fiscal year to cover oversight expenses.

All MITDPs for the Maryland Department of Transportation are captured within the Capital Budget program, and thus are not included in this section.

Summary of F50
Summary of Reclassified IT Projects

C80 - Office of the Public Defender

Project Title: Case Management Replacement

Appropriation Code: C80B0005

Sub-Program Code: 0000

Project Summary:

This project replaces the Office of the Public Defender (OPD)'s ten-year-old case management system (Prolaw). Prolaw no longer meets OPD's needs: It is slow and impedes productivity. It is rigid and cannot be adapted to fulfill new business needs. Its design cannot support real time data exchange, preventing OPD from revolutionizing its business practices by importing data currently entered manually. It fails state security requirements. It is unsupported and incompatible with current applications. It is inaccessible outside OPD's offices where OPD employees work. The FY 2019 Allowance includes \$25,000 for oversight.

Federal								-
Reimbursable								-
Total	-	-		1,206,000	556,000	556,000	556,000	2,874,000

Program Strategic Goals:

OPD's core business function is the processing of cases. The volume of cases it handles in Baltimore City and in every county in Maryland cannot be handled without a case management system. This project is designed to support and enhance OPD's capability to manage the processing of these cases at every level: from initial intake, through representation, and ultimately to the generation of the statistics justifying OPD's funding. Replacing a failing system that is critical to OPD's ability to function with a one that enhances the Office's capabilities while reducing its costs serves OPD's mission, goals, and objectives.

C81 - Office of the Attorney General

Project Title: Case Management Replacement

Appropriation Code: C81C0001

Sub-Program Code: 0000

Project Summary:

This project replaces the Office of Attorney General (OAG)'s fifteen-year-old case management system (CTS) and miscellaneous other means of tracking case information. They no longer meets OAG's needs; They are inefficient and slow and impede productivity. They are rigid and cannot be adapted to fulfill new business needs. Their design cannot support real time data exchange, preventing OAG from revolutionizing its business practices by importing data currently entered manually. They are unsupported and incompatible with current applications. They are only somewhat accessible from outside OAG's offices where OAG employees work. The FY 2019 Allowance includes \$25,000 for oversight.

Program Strategic Goals:

The OAG's core business function is the processing of cases, which cannot be handled without a case management system. Replacing a failing system that is critical to OAG's ability to function with a one that enhances the Office's capabilities while reducing its costs serves OAG's mission, goals, and objectives.

C98 - Worker's Compensation Commission

Project Title: Enterprise Modernization

Appropriation Code: C98F0002

Sub-Program Code: 1000

Project Summary:

This project is a modernization of a current aging and complex system, coupled with an Enterprise Modernization of WCC's business practices to achieve truly paperless administration of all provisions of Maryland Workers' Compensation Law. These outdated and inflexible systems are critical to the daily work of WCC employees. This project will enhance supported business processes and functions by a low-code platform which will nominally solve current challenges associated with lack of software coding resources and processes. Once the new system is implemented, employees will no longer have to juggle interactions with two, three, or more simultaneous applications in order to facilitate their workflow and complete tasking. The FY 2019 Allowance includes \$60,000 for oversight.

Program Strategic Goals:

WCC seeks to improve the effectiveness and timely delivery of services provided to WCC customers by the following: (1) maintaining the setting of 90 percent or more of all non-permanency hearings within 60 days of the date when issues are filed; (2) maintaining a conformance rate of at least 95 percent for the issuance of Commission Orders within 30 days after the conclusion of a hearing; and (3) maintaining an average of no more than 10 days between the hearing date and the first award issued by the Commission.

D38 - State Board of Elections

Project Title: Agency Election Management System (AEMS) Modernization Project

Appropriation Code: D38I0103

Sub-Program Code: 1500

Project Summary:

The Maryland State Board of Elections (SBE) has set out to redevelop the ballot functionality of the current legacy Agency Election Management System (AEMS) on a new platform. The AEMS Modernization project will provide all existing capabilities of the legacy system, add new capabilities, and ensure more user friendliness and flexibility. Additionally, the upgraded AEMS system will provide a more economical and sustainable platform and reduce risk due to better management control. It will also offer control over the changes to the application functionality and the system data. Project costs shown here reflect only PPR. The FY 2019 Allowance includes \$50,000 for oversight.

Total	-	5,264	2,662,388	1,300,000	525,000	500,000	5,492,652

Program Strategic Goals:

The AEMS Modernization project will preserve the ability of the SBE to meet several elements of its stated mission. It will ensure uniformity of election practices, promote fair and equitable elections, and report election-related data accurately, in a form that is accessible to the public.

D53 - Maryland Institute for Emergency Medical Services Systems

Project Title: Statewide Emergency Management Communication System Upgrade

Appropriation Code: D53T0002

Sub-Program Code: 1100

Project Summary:

The primary purpose of this project is to upgrade the MIEMSS EMS radio communications systems and capabilities to meet current and future needs. Particular attention must be given to identifying single points of failure and eliminating these vulnerabilities. It is MIEMSS' goal is to have a highly reliable, next generation communications system which is built on a uniform platform, is IP-based, uses proven and scalable technology, and integrates with the State's public safety answering points (PSAPs). The upgrade plan shall: (a) allow for geo-diverse operations and be fully functional from any physical site including the locations from which MIEMSS currently operates, (b) have performance meeting or exceeding current capabilities, (c) retain current analog subscriber and base station infrastructure, (d) incorporate wired and wireless video technologies, (e) integrate with the State's planned 700 MHz communications system, and (f) include consideration of wireless broadband technologies. The FY 2019 Allowance includes \$50,000 for oversight.

Total	-	8,650,000	3,400,000	50,000	1,750,000	1,700,000	15,550,000

Program Strategic Goals:

Upgrade a statewide interoperable communications system, in partnership with all state agencies and local jurisdictions, that provides appropriate redundancy and supports geo-diverse operations; sustain interoperability and operability during migration to the new system; enhance medical technology infrastructure that provides for information sharing, resource tracking and patient tracking; develop sufficient back up and alternative communications for Maryland hospitals.

D80 - Maryland Insurance Administration

Project Title: Enterprise Complaint Tracking System (ECTS)

Appropriation Code: D80Z0102

Sub-Program Code: 1200

Project Summary:

The MIA has identified the need to replace the current Enterprise Complaint Tracking System (ECTS) with a browser based document management technology that automates workflow by routing electronic documents and notifications across the organization, and enables on-line data entry, form creation, standard reports, ad-hoc queries and data exchange with internal and external systems. Project costs shown here reflect those for the PPR and PIR phases only. The FY 2019 Allowance includes \$50,000 for oversight.

Total	380,452	438,607	2,440,441	355,000				3,614,500

Program Strategic Goals:

Replacing the current Enterprise Complaint Tracking System (ECTS) with upgraded technology will provide the MIA with the ability to improve complaint resolution efficiency percentages beyond current targets.

E00 - Comptroller of Maryland

Project Title: Integrated Tax System (ITS)

Appropriation Code: E00A0402

Sub-Program Code: 0431

Project Summary:

The Integrated Tax System (ITS) project will replace the Agency's State of Maryland Tax (SMART) system, Computer Assisted Collection System (CACS,) and other outdated tax processing systems and integrate with a robust data warehouse to both continue and expand revenue generating projects and provide enhanced reporting functionality. The integrated system will allow the Comptroller to efficiently administer all taxes and fees required by law. This includes the processing and collection of personal income tax and sales and use tax, the State's largest sources of revenue. Successful implementation will bring the Comptroller of Maryland (COM) a modernized system which makes use of current technologies and is supported by and adaptable to the mainstream IT workforce. Uniformity in processing across tax types will simplify compliance by taxpayers and allow for a more dynamic use of Comptroller staff. The FY 2019 Allowance includes \$400,000 for oversight.

IT Project Funding

Reimbursable									-
Total	19,246	340,242	24,140,512	14,950,000	29,050,000	22,000,000	19,500,000	19,500,000	110,000,000

Program Strategic Goals:

This project supports the primary mission of the COM – executive leadership for Maryland's financial management services through the fair and efficient collection of taxes, regulation of businesses, accurate forecasting and accounting of revenues and expenses, and the provision of technological services to State agencies. The ITS will allow for efficient tax processing and collection necessary to support this mission and the Agency's strategic goals: (1) provide public services in ways that achieve the highest level of individual and business customer satisfaction; (2) take advantage of existing and emerging IT applications to enhance business processes that currently use little or no technology, and improve the infrastructure for efficient implementation of these new technologies; and (3) vigorously enforce tax laws essential to the fair treatment of all taxpayers. Internal analysis has shown that the ITS will support, improve, and streamline nearly all COM business processes.

E20 - State Treasurer

Project Title: Financial Systems Modernization

Appropriation Code: E20B0102

Sub-Program Code: 1800

Project Summary:

The State Treasurer's Office must replace the core financial interface and insurance management system with a modern Treasury Management System and Insurance Management System. The current system will not be serviced beyond 2018 when it will reach end-of-service. The solution to replace the core financial system will be a scalable solution that can be leveraged across the state by other Agencies. Normalizing the data and solution to a centralized scalable solution will provide greater ROI and allow for streamlined maintenance. The FY 2019 Allowance includes \$83,280 for oversight.

Provide modern Treasury Management Systems (TMS) and Insurance Management Systems (IMS) to support the critical functions of STO with an emphasis on security and service delivery to constituents.

E50 - State Department of Assessments & Taxation

Project Title: Strategic Enterprise Application Network (SEAN)

Appropriation Code: E50C009

Sub-Program Code: 4100

Project Summary:

Project SEAN allows for the migration and/or redevelopment of its mainframe applications onto a Cloud Platform to develop user-centric applications for internal and external customers.

It is a fully compliant section 508c, web-enabled solution that is accessible on multiple browsers and platforms, that will allow applicants to securely enter in their own tax credit application data and upload supporting documentation at any time of the day or night on any of web enabled device. It is compatible with assistive technology products such as screen readers and screen enlargement software to accommodate users with disabilities. The FY 2019 Allowance includes \$55,233 for oversight.

Program Strategic Goals:

To (1) eliminate or replace manual, paper-based processes with automated, online, paperless processes, (2) continually learn and adopt current industry best practices, and (3) achieve new heights in outstanding customer service.

F10 - Budget and Management, Department of

Project Title: Statewide Personnel System (SPS)

Appropriation Code: F50B0406

Sub-Program Code: P006

Project Summary:

The purpose of the SPS project is to obtain commercial off-the-shelf (COTS) solutions to replace the State's legacy personnel systems. The new SPS will have high "cultural impact" on agencies and their users statewide. Because of this, to help lower the overall project risk profile, a multi-phased implementation strategy has been adopted, breaking the large project into two smaller project phases. No funds for oversight.

F10 - Budget and Management, Department of

Project Title: Phase II Central Collection Unit CCU Systems Modernization

Appropriation Code: F50B0406

Sub-Program Code: P008

Project Summary:

Phase 2 of the CCU IT Modernization Project will support operations and maintenance for the initial implementation in addition to improving customer service and operational efficiencies for new capabilities. The Operations and Maintenance was not funded in the initial project which consists of several new components such as the primary Debt Collection System (FICO Debt Manager), multiple Bank of America payment transaction systems, document management and 25+ operational interfaces with State agencies. The FY 2019 Allowance includes \$207,848 for oversight.

F10 - Budget and Management, Department of

Project Title: Enterprise Budgeting System (EBS)

Appropriation Code: F50B0406

Sub-Program Code: P010

Project Summary:

In 2005, DoIT commissioned the Statewide Application Risks Assessment (SARA) of 12 legacy statewide systems, including those supporting human resources, timekeeping, benefits, budgeting, purchasing, accounting, central collections and payroll. Three of those systems were assessed as high risk - human resources, budgeting and timekeeping. The high risk factor was assessed because these systems were at the end of their useful lives and based on old technologies, with a recommendation for replacement. Project costs shown here reflect those for both the PPR and PIR phases. Beginning in FY 2016, the project has been funded through a State agency allocation using Comptroller Object 0897- EBS System Allocation. No funds for oversight.

Program Strategic Goals:

To ensure that the State has a fully functional and supportable budgeting system.

F50 - Information Technology, Department of

Project Title: Enterprise Solutions Planning Initiative (ESPI)

Appropriation Code: F50A0101

Sub-Program Code: F009

Project Summary:

This project will provide integrated planning support to numerous IT solutions requests received across multiple agencies. This ITPR combines the planning activities that traditionally have occurred in siloed projects in order to assess Enterprise needs. The proper planning for these requests will be critical in engaging agencies with common needs and data, developing appropriate strategies and architecture, leveraging process improvements, identifying acquisitions, and determining technologies and systems for implementation. Individual agency planning ITPRs will no longer be submitted because large upfront planning to document all project requirements is no longer desirable in an agile environment. No funds for oversight.

Program Strategic Goals:

The goal is to: 1) Centralize the planning for ITPRs within DoIT; reduced number of planning ITPRs and the management of planning dollars through minimal sources, 2) Ensure solutions are scaled at the appropriate level; enterprise modeling and the reduction of duplicate systems, 3) Support for the lean agile approach in managing and executing solutions, 4) Influence common modeling, designing, and coding practices for systems architecture, 5) Ensure priority solutions/needs are addressed in a timely process and appropriately funded and; 6) Meet the needs of State agencies objectives to align with the Statewide IT Master Plan.

F50 - Information Technology, Department of

Project Title: Statewide Voice over IP (VoIP) Phone Services Transition Project

Appropriation Code: F50A0101

Sub-Program Code: F010

Project Summary:

This project is a modernization of the State's current voice services infrastructure. Over the last several years the telecommunications industry Public Switched Telephone Network (PSTN) has been transitioning from a traditional Time Division Multiplexing (TDM) technology to an IP-based infrastructure. DoIT has begun to transition the State's voice network services to IP in concert with the transition of the PSTN. The transition shall include the majority of telephone services utilized throughout the State today. In addition DoIT will replace and/or retrofit its multi-agency telephony system(s) in order to ensure that the systems are compatible with the changes in the telephone network, meet the State's reliability requirements, as well as enhance the State's ability to deliver constituent services across multiple communications channels. The FY 2019 Allowance includes \$394,958 for oversight.

Program Strategic Goals:

The goal is to enhance communications for both the agency's and constituents. As well as leverage the state's investment network, Maryland Modernize infrastructure, to reduce duplication of equipment and create a migration path for other State Agencies to follow.

F50 - Information Technology, Department of

Project Title: eMaryland Marketplace

Appropriation Code: F50A0101

Sub-Program Code: F013

Project Summary:

DOT has engaged in the implementation of a Statewide Enterprise Procure-to-Pay system and replacement of ADPICS solution. This single statewide procurement system will provide a user-friendly portal for both suppliers and end-users to do business with the State of Maryland. Additionally, an end-to-end procurement system will increase transparency and accountability on purchases, improve customer service, decrease cycle times and reduce "maverick" spending and operating cost. Maryland will have an "eProcurement cloud" for strategic sourcing, contract management and procure-to-pay solutions for use across all agencies and local political subdivisions. The system is a complete procure-to-pay solution, providing support for all procurement-related processes and system requirements, including: sourcing, receiving, vendor registration and management, solicitation, quotes, accounts payable, government-to-business punch-outs, and requisitioning. BuySpeed also has the flexibility to adapt to multiple third-party systems, making it easy to fully integrate the eProcurement solution with any financial system. As a result, users gain broader visibility into their organization's budget spend, allowing them to make data-driven procurement decisions. The FY 2019 Allowance includes \$50,000 for oversight.

IT Project Funding

Fund Type	Prior to FY 2017	Actual FY 2017	Appropriation FY 2018	Allowance FY 2019	Projected FY 2020	Projected FY 2021	Projected FY 2022	Total

Total	-	445,000	1,150,000	-	-	-	-	1,595,000

Program Strategic Goals:

This initiative is cross cutting and supports multiple agencies. The State has a pressing and permanent need for clear, accurate, and detailed budget and accounting records. In order to provide a standard framework for managing integrations to financial systems, the project has developed a comprehensive Financial System Integration, designed to provide consistency in accounting functions, standard data formats, and integration using industry accepted standards.

F50 - Information Technology, Department of

Project Title: Pilot Drone Detection Program (DRONE)

Appropriation Code: F50A0101

Sub-Program Code: F012

Project Summary:

The Department of Public Safety and Correctional Services (DPSCS), and the Department of Information Technology (DoIT) are looking to implement a Drone Detection and Response System to warrant against unlawful entry of contraband into the State of MD Prison System. This Project is a two (2) phase approach, Phase 1 is for a sole source contract to get a SME to write the requirements for the RFP. Phase 2, is to procure a vendor who will deliver and implement a system. This implementation is for only 2 pilot sites in Hagerstown. The FY 2019 Allowance includes \$60,000 for oversight.

IT Project Funding

F50 - Information Technology, Department of

Project Title: ONE Portal**Appropriation Code:** F50A0101
Sub-Program Code: F014**Project Summary:**

Maryland currently has over 1,000 forms online spread across state agency web sites. Many of these forms are only available for download, print, and people are then required to mail them back in to each respective agency. DoIT is planning to convert these forms to electronic forms and allow people to fill and submit them online, whether it's on a home computer or their mobile phones and tablets. DoIT plans to convert up to 100+ of these forms during the first year of the project, with the remaining spread between the second and third year of the project. After people submit the paper-based applications via mail, many agencies are utilizing personnel to either manually scan or type the application data into outdated state legacy applications and databases. Many of these applications are expensive to maintain and present cyber security risks since they still utilize outdated platforms and technologies. As part of the effort, DoIT will collaborate with state agencies to convert them to online applications hosted in a FedRAMP-compliant government cloud that will also interface directly with the ONE Portal. This will allow users to seamlessly submit forms online and have the data sent to the correct agency systems and databases. No funds for oversight.

G20 - State Retirement and Pension System

Project Title: Business Process Reengineering and Support Technology (MPAS-3)

Appropriation Code: G20J0102

Sub-Program Code: 4001

Project Summary:

Beginning in FY 2018, the Agency will reengineer the business processes in its Retirement Administration and Finance divisions. This initiative will examine the flow of activity through the Agency, improving efficiency and streamlining process flow, including those between the Agency and members / employers it serves. A public pension industry process-consulting contract will be awarded to obtain expertise and leverage experiences of peer pension funds. Where appropriate, technology will be selectively acquired and/or adapted to support re-defined internal business processes and external relationships. The Maryland Pension Administration System (MPAS), a custom-developed system, along with several applications based around commercial software packages, will be adapted to reengineered business operations. The MPAS strategy initiated in 2005 envisioned three phases: MPAS-1 to replace the mainframe Legacy Pension System, MPAS-2 to cleanse data and improve data integrity, and now MPAS-3 to reengineer business operations, adapt existing programs, and acquire new technology to support those operational changes. The FY 2019 Allowance includes \$296,061 for oversight.

Total	-	975,000		7,896,531	6,668,410	1,260,000	600,000	17,399,941

Program Strategic Goals:

The Agency is primarily focusing on creating operational efficiencies, with long-planned extension of transactional functions to members / employers over the Internet. Technology will support or facilitate business operational changes. Many employer functions are already addressed in existing automated programs – these programs will be consolidated onto a new employer portal. By contrast, member business is currently transacted using paper form submissions, batch data entry, and hard copy output mailed to the member. Therefore, the strategic goal for member relations is to extend online real-time viewing of existing records, along with online transactions, to the membership over the Internet. The last strategic goal is to create interfaces among existing Agency applications that were developed and implemented in stand-alone mode, further improving operating efficiency.

M00 - Health, Department of

Project Title: Computerized Hospital Record & Information System (CHRIS) formerly Statewide Electronic Health Records (EHR)

Appropriation Code: M00A0108

Sub-Program Code: A806

Project Summary:

MDH plans to modernize its hospital information management system. The intent is to: 1) Acquire Subject Matter Experts (SMEs) to conduct an analysis of the existing Health Management Information System (HMIS). 2) Have the SMEs perform a Needs Assessment identifying requirements for an internet-based COTS EHR HMIS, 3) evaluate other states that have implemented an internet-based COTS EHR HMIS, 4) Produce a States Evaluation Report identifying systems that could be considered a good fit for MDH. Reports must include implementation and recurring costs incurred, 5) Perform a Gap Analysis comparing MDH EHR HMIS requirements against systems that have been implemented in other states, including the hardware and infrastructure needs of MDH, and assessment of staff requirements, 6) Create RFP identifying mandatory requirements, deliverables and milestones of an internet-based COTS EHR HMIS. The FY 2019 Allowance includes \$180,000 for oversight.

Program Strategic Goals:

In addition to maintaining current revenue patterns, the major goals of the project are to replace an aging legacy system with a modern hospital information management system that will improve operational efficiency, hospital planning, evaluation and accreditation, patient care and safety, and data security as well as reduce the cost of administering a large multi-hospital system. Will enable eligible professionals, hospitals and Local Health Departments to submit public health data to MDH electronically and to support MDH program goals to increase the transition from paper to electronic reporting.

M00 - Health, Department of

Project Title: MDH Licensing and Regulatory Management System Project

Appropriation Code: M00A0108

Sub-Program Code: A805

Project Summary:

The project is in the Initiation Phase. The scope of the planning encompasses the collection of requirements, the assessment of COTS options, the development of a justification for investment in implementation, and the draft of a preliminary RFP document. This project is a continuation of the IT Licensing project initiated by the Board of Physicians in 2015. The FY 2019 Allowance includes no funding for oversight.

Program Strategic Goals:

For MDH and the Health Occupation Boards, procure and implement an ELRM solution that will assure quality care through the efficient licensure and effective discipline of health providers. The Department desires an Enterprise solution to assure, advance and protect the public's health and welfare through proper credentialing, permitting, licensing, examination, inspection, and discipline of health providers, distributors and facilities. This new system will also help enforce regulations and legislation, resolve complaints and educate the public.

M00 - Health, Department of

Project Title: Medicaid Management Information System (MMIS II)

Appropriation Code: M00Q0108

Sub-Program Code: T810-T812

Project Summary:

The State is required to align with the federally mandated Medicaid Information Technology Architecture requirements. This project will modernize existing system functions and significantly enhance the goals of the MMIS ensuring that eligible individuals receive the health care benefits to which they are entitled and that providers are reimbursed promptly and efficiently. MDH intends to replace its legacy MMIS claims processing system with a new MMIS system, which will also support coordination of benefits, surveillance and utilization review, federal and management reporting, and case management. In conjunction with the MMIS replacement, MDH intends to add a Decision Support System (DSS); improve and enhance the Pharmacy e-Prescriber solution; implement a Service Oriented Architecture (SOA) Integration Framework, and develop an eligibility portal. The FY 2019 Allowance includes \$100,000 for oversight.

Maximize the efficiency and cost effectiveness of Medical Care Programs.

M00 - Health, Department of

Project Title: Long Term Supports and Services Tracking System (LTSS)

Appropriation Code: M00Q0108

Sub-Program Code: T807 and T808

Project Summary:

Maryland Medicaid implemented a crucial Long Term Care reform system that increases federal matching funds (FMAP) by over \$140M. Specifically, Maryland implemented a tracking system (LTSS), a standardized assessment instrument (interRAI-HC), and an in-home services verification system (ISAS). LTSS is an integrated care management tracking system that houses real-time medical and service information regarding Medicaid participants. The scope of work for the development and delivery of the LTSS system was determined by the functionality necessary to meet the federal Balancing Incentive Program (BIP) and Community First Choice (CFC) program requirements. Additional waiver programs are added to the LTSS via modules of developed software. The FY 2019 Allowance includes \$400,000 for oversight.

N00 - Human Services, Department of

Project Title: Automated Financial System (AFS)

Appropriation Code: N00F0002

Sub-Program Code: 6B13

Project Summary.

The AFS is a computerized fiscal tracking system that allows DHS's fiscal users to set up, print and track payments to various vendors, including payments to child care and foster care providers, maintains a history of financial transactions, generates a variety of fiscal reports including the 302A for assistance and the General Ledger, and produces annual 1099 data on disk for submission to Financial Management Information System (FMIS). AFS is written in an antiquated and unsupported Delphi technology. The application is outdated, prone to sensitive errors and difficult to enhance. Skills to support the application are not readily available. The system cannot take advantage of the newer technologies until it is moved to a more robust application language and the User Interface is modernized. Project costs shown here reflect those for the PPR phase only. Full project design and implementation costs will be determined as part of the planning process, and total project cost will be adjusted at the conclusion of the PPR phase. The FY 2019 Allowance includes \$83,328 for oversight.

Program Strategic Goals:

This application is used statewide by the locals' finance offices. The primary agency mission, goals or objectives that this project would support is the standardization of the development environment. With the completion of this project, DHS will be able to centralize hardware, functionality and data to increase performance and decrease the cost associated with trying to maintain 24 instances of the same application running on six different physical servers.

N00 - Human Services, Department of

Project Title: Shared Human Services Platform

Appropriation Code: N00F0002

Sub-Program Code: 6B16

Project Summary:

DHS along with our partner organizations (DLLR, DJS, DOA, MHBE, DHCD & others) is embarking on an integrated Shared Human Services Platform to serve constituents holistically and create a true integrated environment. DHS's human services systems will be integrated with human services systems of the partner organizations to eliminate the siloed program centric environments of the current legacy systems. This modern "client-centric" integrated platform will provide employees, partner providers, and constituents of Maryland's social services agencies an efficient, effective platform for delivering collaborative services. The FY 2019 Allowance includes \$900,000 for oversight.

Program Strategic Goals:

The goal of the modernization effort is three-fold. First, the applications will be optimized to allow caseworkers to more efficiently and effectively serve the people of Maryland, and allow our constituents a single point of entry for a streamlined application and eligibility determination process. Second, DHS and other collaborative agencies will effectively share data, reducing redundant caseworker actions, and enable comprehensive analytics to help guide future strategies to more effectively serve the people of Maryland. Third, the systems will be much more adaptable to continually changing requirements, as per statutory, programs, user, and constituent needs, allowing agencies to be much more responsive to the customers' enhancement times from a current DHS range of 9 to 18 months to markedly decreased time frames. This will provide the State a significant improved time-to-value metric on service delivery.

P00 - Labor, Licensing and Regulation, Department of

Project Title: Division of Occupational & Professional Licensing

Appropriation Code: P00F0101

Sub-Program Code: FA11

Project Summary:

The Division is targeting FY 2019-2020 to launch and modernize the back-end licensing system and upgrade the current front-end E-Licensing system. The new modernized system will streamline office procedures and enhance online services to applicants, licensees, and consumers. Select features will include the ability to: store documents electronically, generate mail-merge letters/forms, store email communications, interface using tablet/smart devices and ad-hoc reporting. The FY 2019 Allowance includes \$80,000 for oversight.

To promptly determine eligibility and pay benefits to qualified unemployed individuals.

Q00 - Public Safety and Correctional Services, Department of

Project Title: Enterprise Resource Planning Implementation Project (MCE-ERPIP)

Appropriation Code: Q00A0107

Sub-Program Code: 1133

Project Summary:

This initiative will provide the ability for Maryland Correctional Enterprises (MCE) to revise and update its backend IT infrastructure, paper driven financial and manufacturing processes to better meet the needs of Maryland's correctional industries program. This initiative will allow more efficient management of an agency that currently generates over \$50M per year in sales and services and employs over 2,000 inmates daily in Maryland's correctional facilities. The current paper driven process and computing platform cannot keep up with the volume of information and sales being generated by MCE. Total Project Cost (TPC) will be better understood upon RFP award. No funds for oversight.

A solution whose basic core capabilities address, at a minimum, the needs for all the following functions: a) Enterprise Resource Planning, b) Customer Relationship Management, and c) Integrates with other state of Maryland systems, primarily FMIS.

Q00 - Public Safety and Correctional Services, Department of

Project Title: Computerized Criminal History (CCH) Replacement (Phase II)

Appropriation Code: Q00A0107

Sub-Program Code: 1220

Project Summary:

The Department of Public Safety and Correctional Services, Information Technology and Communications Division (DPSCS/ITCD) is currently looking to replace two legacy data systems, including the Ident/Index and Arrest Disposition Reporting (ADR) mainframe systems, with more up-to-date technologies such as .NET Framework and contemporary relational databases. The Computerized Criminal History (CCH) mainframe system replacement will occur in five (5) phases: Phase I: Drafting of Current-State requirements and business documentation; Phase II: Competitive Bid to go out to possible CCH vendors and the Contract to be awarded to the one selected; Phase III: Design and Planning; Phase IV: Implementation and Testing; Phase V: Production Stabilization and Optimization. The FY 2019 allowance includes \$62,280 for oversight.

Reimbursable								-
Total	-	17,173	3,938,827	1,619,280	1,658,000	-	-	7,233,280

Program Strategic Goals:

This initiative supports the following DPSCS goals: 1. Good Management: Ensure the Department operates efficiently. Meet and/or exceed the technology business needs of the Department, Criminal Justice guidelines, policies and standards, for the use and implementation of existing and emerging technologies. 2. Safe Communities: Help to keep Maryland communities safe. Provide technology that quickly identifies offenders. Provide a comprehensive and efficient method that identifies warrants issued throughout the State. Better warrant tracking processes allow law enforcement officials to continue to serve warrants, which help to remove potentially dangerous individuals from Maryland's streets.

Q00 - Public Safety and Correctional Services, Department of

Project Title: Electronic Patient Health Record (EPRH) Replacement

Appropriation Code: Q00A0107

Sub-Program Code: 1740

Project Summary:

The Department of Public Safety and Correctional Services, Information Technology and Communications Division (DPSCS/ITCD) is currently looking to replace the outdated electronic health record (EHR) with a new, more robust system that will meet the needs of the Office of Inmate Health Services (OIHS). The FY 2019 Allowance includes \$280,000 for oversight.

Program Strategic Goals:

The mission of the Department's Health Care Program is to prevent illness, promote health and provide care to the sentenced and detained population (inmates) through a competent, efficient and effective system that improves the health of inmates and assists in transitional planning and care management consistent with the interests of DPSCS. A more efficient and complete EHR will allow DPSCS Office of Inmate Health Services (OIHS) to meet their strategic goals and objectives. The healthcare providers would have a comprehensive health record for review and provide the continuity of care for individuals in the inmate population. This initiative will be developed using the Agile Methodology and the Scrum Framework. The Scrum framework for project management emphasizes teamwork, accountability and iterative progress towards a well-defined goal.

Sub-Program Code: 1790

Project Summary:

The Department of Public Safety and Correctional Services, Information Technology and Communications Division (DPSCS/ITCD) is currently looking to upgrade the existing framework of MAFIS (MD Automated Fingerprint Identification System) with more up-to-date technologies. The MAFIS system is in its ninth year of operation and requires refreshment to both (a) replace legacy operating system software and server hardware and (b) accommodate the continued growth of the identification databases and system workloads. Key server components are nearing end-of-life, and manufacturer support has either been, or will soon be, discontinued. Manufacturer support has already been discontinued for some of the system's critical software components (including Oracle version 10g), which impacts system maintainability, and increases extended loss-of-services risk to ongoing system operations. This new system will not be cloud based. It will reside in the DPSCS data center. The FY 2019 Allowance includes \$50,000 for oversight.

Program Strategic Goals:

This initiative will be developed using the Agile Methodology and the Scrum Framework. The Scrum framework for project management emphasizes teamwork, accountability and iterative progress towards a well-defined goal.

R00 - State Department of Education

Project Title: Maryland Direct Certification System (MDCS)

Appropriation Code: R00A0106

Sub-Program Code: F6XX

Project Summary:

The Maryland State Department of Education (MSDE), Office of School and Community Nutrition Programs (OSCNP) will improve the Direct Certification (DC) matching process by upgrading the Maryland Direct Certification System's (MDCS) matching process. Maryland has been awarded a Tier 2 DC Improvement Grant by the USDA. The current decentralized DC matching processes will be discontinued at the local level and hosted by the State Agency. An improved DC web-portal, based on The State of Florida's solution will be developed and accept the LEA enrollment data to be uploaded for processing. Besides the accepting data uploads, the DC web-portal will offer a real-time look-up feature for DC matching. The MDCS will employ complex algorithms and probabilistic matching routines to increase the match success rate and exceed the HHFA-mandated SNAP match of 95%. Statistical reports will be generated from LEA matching activity providing for accurate State Agency oversight of LEA match success rates matching frequency, and technical assistance for both internal and external users. Standardizing the matching processes and moving the process to the State Agency will eliminate the need for LEA manual matching and increase the frequency of matching for small LEAs with inadequate IT support. LEA enrollment files will be matched against the entire Maryland State Department of Human Services (DHS) file. The DHS has agreed to work with MSDE to streamline the delivery method and increase the frequency of the SNAP/TANF/FOSTER files. The FY 2019 allowance includes \$10,000 for oversight.

IT Project Funding

Fund Type	Prior to FY 2017	Actual FY 2017	Appropriation FY 2018	Allowance FY 2019	Projected FY 2020	Projected FY 2021	Projected FY 2022	Total

Total	-	-	-	80,008	-	-	-	80,008

Program Strategic Goals:

1. Maryland must meet or exceed the USDA Direct Certification requirement for a 95% DC match rate.
2. Provide a standardized matching process across all participants.
3. The database must be updated nightly with SNAP data from DHR 4.
4. Provide the ability to match students and households that cross school districts.
5. Provide OSCNP consolidated oversight of the DC process.

R60 - Maryland 529

Project Title: Maryland 529 Prepaid Trust Account holder Management System (MD529)

Appropriation Code: R60H0041

Sub-Program Code: 0000

Project Summary:

Maryland 529 is seeking a COTS (Commercial off-the-shelf) product to support the agency's needs and requirements. Maryland 529 provides flexible and affordable 529 plans to help Maryland families save for future college expenses and reduce dependence on student loans later. Maryland 529 is an independent, State agency that offers two 529 college saving plans: (1) MPCT, which first opened for enrollment in 1998 and (2) Maryland College Investment Plan (MCIP), which launched in 2001 and current program manager is T. Rowe Price. Both plans are administered by the Maryland 529 Board which includes eleven (11) members, six (6) are State officials or their designee and five (5) are appointed by the Governor to (4) four-year terms. The FY 2019 Allowance includes \$50,000 for oversight.

R95 - Baltimore City Community College

Project Title: Enterprise Resource Planning (ERP) System

Appropriation Code: R95C0006

Sub-Program Code: 0000

Project Summary:

Baltimore City Community College (BCCC) will be replacing its administrative system, which consists of archaic and unsupported discrete siloed modules. This legacy system was cobbled together beginning in the late 90's and is mainframe and COBOL based. Maintaining this system is no longer a viable option, as companies that developed these systems are no longer providing support or are no longer in business. This project is funded by current restricted/unrestricted funds. Total Project Cost (TPC) will be better understood upon RFP award. This project is funded with current unrestricted/restricted funds. The FY 2019 Allowance includes \$194,499 for oversight.

Program Strategic Goals:

The three main objectives of this project are to: 1.) Integrate platforms for simplification, 2.) Eliminate extraneous databases, and 3.) Improve workflows.

U00 - Environment, Department of

Project Title: Lead Rental Certification and Accreditation

Appropriation Code: U00A1002

Sub-Program Code: 3206

Project Summary:

The Maryland Department of the Environment's (MDE) Lead Poisoning Prevention Program ("LPPP" or "Program") provides oversight for community education to parents, tenants, rental property owners, home owners, and healthcare providers to enhance their role in lead poisoning prevention. The Program currently uses a collection of legacy Lead Rental Certification and Accreditation (LRCA) systems and databases to maintain accreditation entities, property certificates issued to property owners, and the enforcement cases against the property owners, accredited individuals and entities, and others. There is a need to convert and migrate the legacy systems and databases to a new system to achieve operational efficiencies while incorporating the changes to laws related to LPPP. The FY 2019 Allowance includes \$67,700 for oversight.

IT Project Funding

Fund Type	Prior to FY 2017	Actual FY 2017	Appropriation FY 2018	Allowance FY 2019	Projected FY 2020	Projected FY 2021	Projected FY 2022	Total

Federal								-
Reimbursable								-
Total	-	-	1,050,000	1,757,600	-	-	-	2,807,600

Program Strategic Goals:

MDE's goal is to develop an online solution that will: 1) Improve customer service by enabling permittees to submit an application for Lead Paint Service Providers and to pay fees online through the Internet; 2) Provide an automated way via the Internet for permittees and the general public to check on the status of permit applications; 3) Expand the use of alternative services thereby reducing MDE staff time needed to manually input permit application data; and 4) Improve business processes, operations, and customer service through the effective use of web technologies.

U00 - Environment, Department of

Project Title: Environment Permit Tracking System Modernization

Appropriation Code: U00A1002

Sub-Program Code: 3205

Project Summary:

The Environmental Permit Tracking System Modernization Project will modernize how MDE currently captures Departmental permit data through the use of .NET technologies.

This modernization effort will update the existing PowerBuilder user interface (UI) with one developed using current .NET technologies. This project also supports the Web Revamp Project by making services such as ePermitting and eCommerce accessible to Maryland citizens, businesses, and other stakeholders through the use of an interactive, customer-centric, web-based portal. No funds are included for oversight.

IT Project Funding

	Fund Type	Prior to FY 2017	Actual FY 2017	Appropriation FY 2018	Allowance FY 2019	Projected FY 2020	Projected FY 2021	Projected FY 2022	Total
General	1,850,000	1,490,000	40,000	-	550,000				3,930,000

Federal									-
Reimbursable									-
Total	300,721	130,561	2,948,718	-	550,000				3,930,000

Program Strategic Goals:

MDE's goal is to reduce the level of effort required to enter data into the Department's centralized permit tracking system and ensure the technologies that support MDE's mission are cost effective and sustainable. Modernization will enable MDE to utilize current web technologies and developer tools that are not part of the Power Builder technology. The newer technology will make it easier to make changes to the data entry process keeping pace with the Department's evolving business requirements and online permitting initiatives.

W00 - State Police, Department of

Project Title: Automated Licensing and Registration Tracking System (ALRTS)

Appropriation Code: W00A0112

Sub-Program Code: 1133

Project Summary:

The Firearm Safety Act has mandated that the Maryland State Police (MSP) automate and streamline the process by which a citizen of Maryland requests approval to purchase or carry a firearm. This will involve automating the entire firearm application process, from Dealers applying to the MSP to selling firearms in the State, to a web accessible form submitted electronically to the Agency, processing of the application via the new electronic system, billing and reconciliation of fees, to providing real time or near real time reporting and metrics. This will involve automating the 77R process, replacing the hardcopy application form with a web accessible form that may be submitted electronically to MSP headquarters. Project costs shown here reflect those for the PPR and PIR phases. Full project design and implementation costs will be determined as part of the planning process, and total project cost will be adjusted at the conclusion of the PIR phase. The FY 2019 Allowance includes \$50,000 for oversight.

IT Project Funding

Total	1,265,544	839,456	5,204,400	500,000	-	-	-	7,809,400

Program Strategic Goals:

This project supports the MSP mission of: "protecting the citizens of the State of Maryland from foreign and domestic security threats, to fight crime, and to promote safety by upholding the laws of the State of Maryland." It also establishes the system foundation that will ultimately provide the MSP the ability to meet the legislative requirements included in SB0281, The Firearm Safety Act of 2013.

W00 - State Police, Department of

Project Title: 700 MHz Statewide Public Safety Wireless Communications System - Radios

Appropriation Code: W00A0112

Sub-Program Code: 1133

Project Summary:

700 MHz Statewide Public Safety Wireless Communications System (700 MHz) - Upgrade and enhance existing disparate communication network to create an interoperable system for State first responders and public safety agencies to use. There is no oversight included for FY 2019.

APPENDIX O
HEALTH PLAN REVENUES AND EXPENDITURES FOR FISCAL YEARS 2017-2019
(\$ Millions)

	FY 2017 <u>Actual</u>	FY 2018 <u>Projected</u>	FY 2019 <u>Projected</u>
Beginning Fund Balance	\$156.2	\$276.9	\$134.2
Receipts¹			
State Agencies	\$1,260.2	\$1,087.3	\$1,207.4
State Agencies Contractual	\$16.3	\$17.0	\$12.5
Employee	\$187.3	\$170.6	\$184.0
Contractual Employee	\$4.3	\$4.1	\$4.1
Retiree	\$97.3	\$90.1	\$96.5
Audit Recoveries & Interest for Fund, & Other Adjustments ²	\$67.4	\$57.8	\$57.8
Total Receipts	\$1,632.8	\$1,426.9	\$1,562.3
Expenditures			
Vendor Claim Expenditures			
Medical	(\$979.6)	(\$1,025.4)	(\$1,070.4)
Pharmacy	(\$561.8)	(\$588.1)	(\$617.3)
Pharmacy Rebates	<u>\$101.4</u>	<u>\$115.8</u>	<u>\$171.5</u>
Net Pharmacy	(\$460.4)	(\$472.3)	(\$445.8)
Dental	(\$48.7)	(\$52.0)	(\$53.5)
Contractual Employee Claims	(\$11.9)	(\$12.4)	(\$12.9)
Operating Costs	(\$11.5)	(\$7.5)	(\$7.5)
Ending Fund Balance	\$276.9	\$134.2	\$106.4
Estimated Liabilities and Reserves (IBNR) ³	(103.0)	(103.0)	(103.0)
Fund Balance after IBNR	\$173.9	\$31.2	\$3.4

¹ Receipts for fiscal year 2018 include adjustments for two payroll holidays.

² Other adjustments include one-time revenues and repayments, net receipts from direct pay and satellite participants and EGWP adjustments that affect prescription rebates.

³ This amount is an estimate of the cost of services provided at the end of one fiscal year that are not billed until the next fiscal year. These costs are deducted from the end of year balance to better reflect an "available balance" amount, but are not actually expended and are reflected in the beginning fund balance of the following year.

Glossary

Appropriation: The amount of spending for an item legally authorized by the General Assembly.

Appropriated Positions: Synonymous with “authorized positions” (see below).

Authorized Positions: The number of full-time equivalent employees that may be employed at any one time on the regular state payroll. The number of authorized positions includes vacant positions. An agency may not exceed its total of authorized positions. Only the state’s Board of Public Works may increase the number of authorized positions during the fiscal year.

Budget Bill: Presents the governor’s allowance as a bill that will become the legally enacted budget after the General Assembly approves it, including any amendments.

Budget Books: A series of volumes published each January that present the governor’s allowance to the General Assembly for all appropriated programs in the budget as well as information on non-budgeted agencies.

Budget Book Appropriation: Reflects the Legislative appropriation plus/minus amendments approved during the fiscal year prior to the budget submission. The amount appears in the annual Budget Books.

Capital Expenditure: An expenditure for the acquisition or construction of buildings or other fixed assets, or for other tangible assets with a useful life of at least 15 years.

Contractual Positions: The number of full-time equivalent employees working under employment contracts. Agencies generally use contractual employees for tasks of a limited duration or seasonal

nature. Contractual employees are not eligible for most state fringe benefits.

Current Restricted Funds: Funds that may be used by higher education institutions only for restricted purposes. These consist principally of research grants and donations for particular purposes (i.e., student aid).

Current Unrestricted Funds: Funds that may be used by higher education institutions without restriction. These consist principally of the state appropriation, tuition and student fees.

Deficiency Appropriation: An appropriation for an expense in the current fiscal year that is not covered by the existing budget. Deficiency appropriations usually occur when workloads exceed projected amounts, new legislation requires expenditures not provided in the budget or unanticipated needs arise. The Fiscal Year 2019 budget proposal includes deficiency appropriations for Fiscal Year 2018.

Federal Funds: Grants and other payments from the federal government that flow through the state budget and are subject to applicable federal laws and regulations. Federal funds often require a state funding match. Medicaid and transportation programs are the largest sources of federal funding in the state budget.

Fiscal Digest: Book published annually by July 1 which reflects the state budget enacted by the Legislature for the new fiscal year.

Fiscal Year (FY): The calendar on which the state operates for financial purposes. Maryland’s fiscal year begins on July 1 and ends on June 30. Thus, Fiscal Year 2019 (FY 2019) begins on July 1, 2018 and continues until June 30, 2019.

Glossary

Full-Time Equivalent (FTE): A method of calculating employment, workloads, enrollments or caseloads to adjust for part-time or part-year participation. For example, part-time or part-year employees are factored according to the share of a full 2,080-hour year during which they are employed. A seasonal employee who works 20 hours a week for one-half of the year would count as a 0.25 full-time equivalent.

General Fund: State funds that may be used for any activity of the state. State income and sales tax revenues are the primary sources of General Funds. About half of state spending is attributable to the General Fund.

Governor's Allowance: The amount proposed by the governor for an item in the state budget. In most instances the General Assembly may subtract from but may not add to the allowance.

Non-budgeted Funds: Some agencies have independent authority to make expenditures without legislative appropriations. Examples include the Injured Workers' Insurance Fund (which provides workers' compensation insurance) and the Maryland Transportation Authority (which operates certain bridges, tunnels and other transportation facilities). These agencies have independent revenue sources (i.e., insurance premiums, toll revenues) and are presented in the budget for information purposes only.

Operating Expenditure: As distinguished from "capital expenditures," these are expenses of ongoing operations of government and other expenditures that do not result in a tangible fixed asset with a useful life of at least 15 years.

Reimbursable Funds: Funds transferred among agencies as payments for services provided by one agency to another. This designation is used to avoid double-counting funds on a statewide basis as

reimbursable funds are not generally included in budget totals. An example is telephone service. Each operating agency pays the Department of Information Technology for the actual cost of its telephone usage from its general, special or federal funds. The Department of Information Technology, in turn, pays the telephone service provider with reimbursable funds.

Request: In the fall state agencies submit a budget request at a targeted amount specified for the next fiscal year.

Special Funds: Revenues dedicated to a specific purpose, such as licensing fees or certain tax revenues that may only be used for the purposes designated by law.

Abbreviations

CRF	Current Restricted Funds
CUF	Current Unrestricted Funds
FF	Federal Funds
FY	Fiscal Year
FTE	Full-Time Equivalent
GF	General Funds
NBF	Non-Budgeted Funds
SF	Special Funds
RF	Reimbursable Funds

Acknowledgments

Governor Hogan's FY 2019 budget reflects his commitment to the goal of continuing Maryland's economic turnaround while also budgeting responsibly and forcing state government to live within its means. Not only does this budget meet or exceed all the proposals recommended by the General Assembly's Spending Affordability Committee, but it once again provides a new record level of investment in K-12 education--a feat accomplished in each of Governor Hogan's budgets so far.

It takes an immensely talented team putting in the necessary time and effort to complete the long and complicated process of taking a budget from our initial agency instructions to the finished product you are now reading. This budget would simply not have been possible without the hard work of the Office of the Governor, our colleagues in agencies throughout state government, and--of course--the incredible staff at the Department of Budget and Management.

The individuals you see below started crafting the FY 2019 budget in the early fall and have worked tirelessly over the past several months--often working late into the night and through the holidays--to make this budget a reality. I could not be prouder of them, and it has been an honor and a privilege working with every one of them over the past four years to serve the people of Maryland. Their recognition here serves as a testament to their commitment and their expertise.
